Season's Greetings

From Your

Alumni Association

Comments from the College President

We're having a great year! There are so many comments that I would like to make to you, but space will preclude my mentioning more than the following:

RECEPTION AT MSTA ANNUAL MEETING IN KANSAS CITY

Many persons commented to me about the alumni's enthusiastic response to the Annual Alumni Reception which was held coincident with the teachers' meeting at the Muehlebach Hotel. No one questioned the statistics which pointed out that more people attended the Northeast reception than attended the reception of any other single institution. Again I am reminded of the fierce loyalty of graduates of this College.

FISCAL NEEDS

The Governor has recommended an appropriation of \$6,691,065 for the operations of the College and \$8,106,369 for capital improvements. Full funding of these requests will permit the College to mount the new challenges facing us in the 70's. Approval of the Governor's recommendations will be merely an academic exercise unless additional taxes are voted by the General Assembly. It's that simple and that important!

INSTITUTIONAL PRIORITIES

To paraphrase Dickens, this is the best of times at Northeast Missouri State College. There is a strong and continuing commitment to excellence for the College, but more significantly, there is a commitment to the **concept** of excellence for each individual student whose life is touched by the College and its people. We view the three areas listed below as the highest institutional priorities:

- 1) Clear statement of institutional purposes
- 2) Continued improvement in the quality of the curriculum and methods of teaching and learning
- 3) Efficient use of total college resources

Among other varied and exciting activities, we plan to address ourselves to answering the above for this institution. I consider these concerns basic.

Please write or call me if I can be of any personal or professional assistance to you. We welcome your comments, suggestions, and criticisms.

Alumni Association Elects Jones and Evans New Officers

Dr. Gale O. Jones, 1953, a staff member of Research Hospital in Kansas City, was elected president of the Northeast Missouri State College Alumni Association at the business meeting following the Homecoming luncheon on October 17. **Jerome L. Evans, B.S.E. 1955, and M.A. 1962, of Moberly** was elected vice-president and **R. Russell Harrison, 1955**, Director of Alumni Activities at the College, was re-elected executive secretary and treasurer of the Association.

Jones was vice president of the Association last year and James R. Nevins, Superintendent of South Shelby County School, is the immediate past president.

Dr. Jones, a native of Ethel, received the bachelor of science in education degree in 1953 and his bachelor of arts degree in 1953 from NMSC. He received his master in education degree in 1957 from the University of Houston, Houston, Texas and his Doctor of Medicine degree in 1962 from the University of Tennessee, Memphis, Tennessee. An active student leader on the Kirksville campus, Jones held membership in the Blue Key service fraternity, Alpha Phi Omega national service fraternity, Alpha Phi Sigma honorary scholastic fraternity and Sigma Tau Gama social fraternity. The physician and anesthesiologist is married and has two children.

Evans, a native of Meadville, is presently assistant superintendent of schools in Moberly. He holds the Specialist in Education degree from the University of Missouri. Evans is married to the former **Phyllis Sallee, 1956**, and the couple has three children.

Northeast Missouri State College Alumni Association was established in November of 1966 and membership is open to all graduates and former students of the College. Those interested may obtain further information by contacting Russell Harrison at the Alumni Office of the College.

Sublette Air Base Awarded to State College

The NMSC campus was enlarged by 54.23 acres of land and 27 buildings on October 23rd when the former Sublette Air Base was transferred to the College following the closing of the base several months ago. The deed to the property was accepted by James R. Reinhard, President of the Board of Regents, and was presented by Richard E. Burnett, Deputy Regional Director of the Department of Health, Education and Welfare in Kansas City. Congressman William Hungate delivered the principal address at the transfer ceremony held on the base. Considera-

tion is being given for development of a Traffic Safety Center and an Environment Studies Center on the base. Earlier this year the College had been given title to nine houses located on the base, which are now being used for married student housing.

Pictured during the ceremonies are Board of Regents members Bruce H. Hunt, Kirksville; John H. Bartow, Brunswick; Mrs. Mary Alice Bunney, Shelbyville; Board President, James R. Reinhard, Paris; Mr. Burnett, and Congressman William Hungate.

Homecoming Attracts Thousands of Alumni

Mary Eads, Queen Kristin Linneman and Lou Ann Clark

"Saga of the Old West" was the theme of the 1970 Homecoming on Saturday, October 17th, with several thousand alumni and friends returning for the weekend festivities.

Homecoming activities began on Thursday evening, October 15th with the coronation of Miss Kristin Linneman as the 1970 Homecoming queen. Attendants to the queen were Lou Anne Clark and Mary Eads.

Queen Kristin is a junior psychology major from Salisbury. She is the daughter of Mr. & Mrs. Vernon P. Linneman of Salisbury. She was sponsored by the Veterans Club. Lou Anne Clark is a senior special education major from Edina, and was sponsored by the Student Council for Exceptional Children. Miss Eads is a sophomore English education major from Burlington, Iowa, and was sponsored by Delta

Zeta sorority. Eight coeds were candidates for queen and the selection was made in an all school election.

Friday's activities included the annual pep rally held at Stokes Stadium, an all school dance, along with numerous float building and house decorating activities following the pep rally.

The traditional morning parade opened the Saturday schedule of events. The parade featured more than 100 units, including some 30 high school bands from northeast Missouri and southern Iowa. A new feature of the parade was band judging and selection of the best band to share the half-time performance with the College band during the afternoon football game. The honors went to the South Shelby band, directed by Mrs. Mary Lightfoot.

Nearly 200 alumni and friends at-

tended the annual Homecoming luncheon featuring a welcome by College President Charles J. McClain, and especially honoring the classes of 1920, 1945 and 1960. O. Glen Hocker of Mexico was the only 50 year graduate in attendance. Graduates observing their 25th anniversary in attendance were:

Helen Babbitt, Kirksville; Minnie Buchanan Dickerson, Clifton Hill; Doris Gardner Cundiff, Kirksville; Mildred Brown Jones, New Cambria; and Mildred Cornwell Hinton, Napanee, Ind.

Ten year graduates were: Dorothy Ruth Speck, St. Charles; Joseph Wayne Blakeley, Ft. Madison, Iowa; Billy G. Privitt, Galt; Lynn D. Coy, Brookfield; Josefina Hilario, Hazelwood; Bill Ronan, Jennings; and Virgil Chott, O'Fallon.

The annual business meeting of the Alumni Association followed the luncheon.

Some 8,000 alumni, students and friends attended the Homecoming game between the Bulldogs and the Southeast Missouri State Indians, and saw the Bulldogs move closer to a MIAA crown, by defeating the Indians 14-6.

Numerous open houses, receptions and banquets followed the game, along with the Homecoming dance to close the day's activities.

Ice House Theater Has Successful Season

By Herman P. Wilson
Associate Professor of English

Playing to a total audience of almost five thousand, the Ice House Theater in Hannibal — sponsored jointly by the Northeast Missouri State College, the Historic Foundation of Hannibal, the Hannibal Chamber of Commerce — had a highly successful 1970 season. Five plays were presented in repertory: **The Glass Menagerie**, by Tennessee Williams; **Alice**, a musical adaptation of **Alice in Wonderland**, by Frederic Kirchberger of the NMSC Fine Arts Division; **The Fantastics**, a musical by Tom Jones and Harvey Schmidt; **Ah Sin**, by Bret Harte and Mark Twain; and **Sunday in New York**, by Norman Krasna.

In such a jointly sponsored venture, success is noted not only in numbers but also in other factors. Designed to combine entertainment with academic training and experience, the Ice House Theater did just that. During the 1970 season, sixteen students were enrolled for a total of one hundred and thirty-five semester hours of academic credit. Classes were taught by the managing director, director, technical director, staff actors and actresses, all of whom hold college degrees. Of these sixteen students, ten have affiliation with NM SC, indicating that the students have respect for and value both the academic facets and the acting opportunities provided by a summer at the Ice House.

The number of the total audience, however, indicates that the play-goer values the entertainment available in summer theater in the converted ice house on the bank of the Mississippi River. Hannibalians were there, Kirksvillians were there, tourists were there, and residents from nearby cities were there. They came for summer entertainment in the theater, they were not disappointed. They found good summer theater, encompassing a variety of interests: tragedy, humor, farce, music, plus the visual artistry of effective and attractive staging.

Most of the credit for the successful summer must be attributed to Alfred H. Srnka and O. J. Merrell, of the Language and Literature Division of NMSC, for their imaginative and innovative approach to summer theater. They chose their plays wisely, they employed their staff members wisely, and

they auditioned and selected their cast members wisely. Others sharing major responsibility for the successful summer are David Vargas, who served as technical director, Kathy Melcher, staff actress, and Holmes Osborne and Michael Ernst, staff actors.

Success may be noted in at least one

other way: the desire of staff personnel to return for another season. Already inquiries are beginning to come in for the 1971 season. Thus the Ice House Theater in 1971 should bring drama to the bank of the Mississippi once again; may that season be as exciting as the one that closed in August.

CAMPUS NEWS AND VIEWS

Legislators Visit Campus

A four-man team of legislators visited NMSC Thursday, Dec. 3, to review the capital improvement needs of the college.

Pictured from left to right are: John J. Blassie, Representative from District Number 63; Norbert J. Jasper, Representative from District Number 108; William C. Phelps, Representative from District Number 4; Dr. Charles J. McClain, Northeast Missouri State College president; and, Bill J. Crigler, Representative from District Number 118.

The visit of the legislators was in connection with the recommendation of Governor Warren E. Hearnes for a \$250 million state bond issue for capital improvements in the various state institutions. Included in the Governor's recommendation for the bond issue is a sum of \$8,106,369 for capital improvements at the College.

Grant to Science Division

The Northeast Missouri State College Science Division has been awarded a grant of \$56,220 by the National Science Foundation for support of the 1971 Summer Science Institute in the Ecological Core Program for Secondary School Teachers. Dr. Dean A.

Rosebery, Head of the Division of Science is director of the institute.

The purpose of the program is to provide an integrated science sequence covering ecosystems, communities, populations and systems ecology.

Forty stipends of up to \$600 per participant, plus \$120 per dependent, travel allowances of 4¢ per mile and tuition has been provided by the NSF. A high school teacher must be available for three consecutive summers to be admitted to the program and high school teachers who plan to incorporate ecology as an integral part of their program will receive priority. It is also desirable that the student have courses in chemistry, physics and college algebra in addition to his biology credits. Participating teachers can earn eight semester hours toward the Master of Science Degree in biology education.

The 1971 Summer Science Institute will be held for the eight week period between June 14 and August 6. Stipend applications from teachers are due by March 1 and applicants will receive notification of acceptance or rejection by March 22. Acceptances from applicants are due back by April 5.

Application blanks and detailed information about the institute may be obtained by writing directly to Dr. Dean Rosebery, Director, Summer Science Institute, Northeast Missouri State College, Kirksville, Missouri 63501.

Fall Enrollment Growth Breaks All Past Records

A record enrollment of 6270 students at Northeast Missouri State College has been announced by President Charles J. McClain.

The headcount figure is an increase of 552 or 9% over the corresponding figure a year ago, Dr. McClain noted.

"Two methods of reporting enrollments to the Commission on Higher Education are in use," Dr. McClain said. The headcount figure is the most familiar; the other is the full-time equivalent (FTE) figure, which is smaller than the headcount. The FTE figure at Northeast Missouri State this fall is 5,905 which compares with last year's FTE figure of 5376.

"Our rate of growth is exceeding the predictions of the Office of the Commission on Higher Education," Dr. McClain said. "We were projected to have an enrollment of 5671 this fall but have exceeded that figure by several hundred."

In addition to the regular enrollment nearly 800 students are enrolled in extension courses in twenty-five areas throughout the district. These students are not included in either the headcount or FTE figure.

NMSC Speech Pathology Accredited by Examiners

Northeast Missouri State College's program in Speech Pathology has recently been accredited by the American Boards of Examiners in Speech Pathology and Audiology according to College President Charles J. McClain.

The name of Northeast Missouri State College will be included in all future lists of institutions having accredited programs in Speech Pathology.

In a letter to President McClain announcing the accreditation of the College, Kenneth L. Moll, President of the American Boards of Examiners in Speech Pathology and Audiology concluded:

"May I add my personal congratulations to your achieving this national distinction."

Mrs. Sarah Wimp Peavler is pictured receiving a special recognition certificate from College President Charles J. McClain. The presentation was made during the summer commencement following Mrs. Peavler's retirement on July 1, 1970.

Director of Nursing Retires

Mrs. Sarah Wimp Peavler, B.S.E. 1929 and M.A. 1957, Assistant Professor of Nursing and Director of the NMSC Nursing Program at the College, retired from the faculty July 1, 1970. She was named Assistant Professor Emeritus by the College Board of Regents, and recognized for her years of service during the summer commencement program.

Mrs. Peavler completed her nurses training at Washington University, in addition to her two degrees at the College. She joined the faculty at NMSC in 1958, and held membership in the American Association of Higher Education, American Nurses Association, National League for Nursing, National Education Association and the NMSC Alumni Association.

Mrs. Peavler, Alpha Sigma Alpha sponsor for twelve years, was presented an engraved silver tray for her active support of Alpha Sigma Alpha and the Alpha Beta chapter on campus as a highlight of the sixty-ninth anniversary Founder's Day of the sorority November 15th.

She and her husband, Travis Peavler, 1933 reside at 1315 S. First, Kirksville.

Ludlow New Instruction Dean

Dr. Earl D. Ludlow has been named Dean of Instruction at Northeast Missouri State College. Since 1964 Dr. Ludlow has been professor of education at the College.

In commenting on the elevation of Dr. Ludlow, President Charles J. McClain said, "We are indeed fortunate to secure the services of Dr. Ludlow for the position of Dean of Instruction. He has an outstanding record of administrative and academic experience and will provide able leadership in this important post."

Before joining the college faculty here, Dr. Ludlow taught in the public schools of Pryor and Tulsa, Oklahoma and Pittsburg, Kansas. He graduated from Pittsburg State College, Pittsburg, Kansas in 1932 with the B.S. degree. He received the Master of Science degree from the same institution in 1940 and the Doctor of Education degree from the University of Tulsa in 1962.

Dr. Ludlow has had 35 years of experience in the schools of Oklahoma and Kansas over 18 of which were in the capacity of principal or superintendent of high schools and Director of Vocational Education. For six years

he was in charge of the specifications laboratory for E. I. DuPont Company at the Pryor, Oklahoma plant. There he supervised the work of 50 to 60 chemists and physicists.

In addition to a number of professional educational organizations, Dr. Ludlow is a member of the Kirksville Rotary club and the Christian church.

Dr. Ludlow replaces A. L. Fritschel who left in July.

Record Operations Budget

An increase of nearly 30 percent in the operating budget of Northeast Missouri State College for 1971-72 has been recommended by Governor Hearnes according to college President Charles J. McClain.

The Governor's recommendation of \$6,691,065 would provide the largest appropriation for operations in the history of the school according to Dr. McClain and should enable the college to continue to provide educational opportunities to the students the college serves.

In addition to the operations budget, the Governor has recommended a total of \$8,106,369 in capital improvements to be included in the proposed \$250 million bond issue. The principal items included in the bond issue would be for physical plant improvement, a new administration building, construction of a utilities development system, completion of the health and education building, a maintenance and central receiving facility and for land acquisition.

"We are hopeful that the means can be found to finance these needed facilities," Dr. McClain noted.

While appropriations for Northeast Missouri State College have been increasing for the past decade the enrollment has also increased. In fact, the amount appropriated per student for the current fiscal year is considerably less than for the previous year", he said. "In 1969-70 we received \$889 for each full time student and currently we have \$802 for each full time student."

In commenting on the state educational needs, Dr. McClain said, "Missouri has made considerable progress in the decade of the sixties, but we are in danger of losing ground if we fail to fully finance both our public schools and state institutions of higher learning. Recently the Board of Regents found it necessary to increase both resident and non-resident tuitions and fees to cover increased costs," the President concluded.

Paxsons Retire from Teaching

Frank Paxson, 1932, and wife **Clara Paxson, 1933**, both veteran teachers in the Community School District R-VI, Laddonia, Missouri, retired from the teaching profession in May. In appreciation of their services, the Community Teachers Association presented them with a silver tea service, and a portrait of Mr. Paxson has been placed in the foyer of the new elementary school building.

Mr. Paxson has been elementary principal in the R-VI district for the past seven years, and he has also served the district as superintendent of the Martinsburg schools. After the Martinsburg and Laddonia High Schools merged, he served the district as assistant superintendent, high school principal, and social studies teacher. Mrs. Paxson has been business education teacher in the district for 22 years. She has a total of 26 years of teaching.

Mr. Paxson, a native of Adair County, began his teaching career in September, 1923, the same year he graduated from the Brashear High School. He taught in northeast Missouri and five years in Illinois for a total of 44 years. He received his B.S. degree from NMSC in 1932 and his M.A. degree from the University of Missouri in 1937, qualifying for high school principalship. Later he took special postgraduate courses to meet requirements for city school administration and elementary principalship.

He has served as president of the Northeast Missouri Schoolmasters Club and also president of the Northeast Missouri Coaches Association. He was the first president of the local Community Teachers Association. He is a member of the Northeast Missouri State College Alumni Association, the University of Missouri Alumni Association, and Phi Delta Kappa. He manages a team in Khoury League baseball and is a member of the Martinsburg Lions Club, having been its first president.

Mrs. Paxson, the former Miss Clara Seckler, received her B.S. degree from the College in 1933.

Mr. and Mrs. Paxson were married in Macon, Missouri, in 1931. They have one daughter, Jane Carolyn (Mrs. J. Kevin) Farnen, and eight grandchildren. Mr. and Mrs. Paxson live on a farm at the edge of Martinsburg.

J. R. Huckstep of Raytown, Mo. was the first Missourian selected by the Missouri Bandmasters Association for its new Hall of Fame Award. A Missouri College will be chosen to house the Hall of Fame and selection is from retired bandmasters who have contributed much to music in the State of Missouri. Mr. Huckstep attended Bowling Green High School, worked as a railroad telegrapher for several years, during which he directed town bands, including those of Eolia, Clarksville, Paynesville and Elsberry. In 1921 he organized and directed the Bowling Green School Band. The Hucksteps in 1929 moved to Kirksville and he obtained his degree from NMSC, meanwhile teaching at Green City and in other Kirksville area towns. In 1936 he became band director at Chillicothe, where he remained until

1945. His bands there received No. 1 ratings every one of his years there except for two. In 1945 he moved to Raytown High School to build the band, which then had 20 members and when he left it had 90. Mr. Huckstep served as president of the Missouri Music Educators Association in 1945 and was chairman of its activities association committee for eight years. He was one of three founders of the Raytown Kiwanis club. His Raytown bands won only 1 ratings and in 1950 and 1957 earned trips to the Tri-State Music Festival at Enid, Okla. During his years at Raytown, he also achieved success with mixed chorus, boys glee club and girls glee club. Mr. Huckstep retired from teaching in 1959 and he and his wife moved to Galesburg, Ill. to be near their daughter, Betty, and family. Geoffrey W. Heying and wife, **Dorothy Blair Heying 1938**, live at West 15th St., Hermann, Mo. Mr. Heying retired in 1970 after a long and rewarding career during which he was everything from a primary teacher to high school coach to superintendent of schools. Upon graduating from Hermann H. S. in 1926, Heying began teaching in a rural school in Bluffton. He taught every winter and went to college in the summers. After receiving his degree from NMSC he received his M.A. in 1939 from Colorado State in Greeley. After spending four years in rural schools, he went to Rhineland to teach grades five through eight. He then became the only teacher at a two-year high school in the town, where he taught all subjects to the ninth and tenth grades. Mr. Heying left teaching and took a job with the Social Security Board in Kansas City, but stayed only eight months. He returned to teaching in Rhineland where he remained until the high school closed in 1942. That was the year he went to Hermann. "I've loved Hermann as long as I've known it. I was hired to teach social studies, but they needed a basketball coach. I'd had some experience so I coached until 1950," he said. In 1947 his team went to the state tournament in Springfield. In 1949 Heying was appointed principal of the high school and continued coaching until he became superintendent of Gasconade County schools in 1952. After 15 years as superintendent, Heying returned to classroom teaching in 1967. His plans for retirement show no sign of giving up his interest

either in Hermann or in education. "After I rest, I hope to be able to work with the Lions Club and Chamber of Commerce. I'll read some and maybe help the wife grade papers," he said. Mrs. Heying teaches English at Hermann H.S.

William F. Koch

Koch Named to Sigma Tau Gamma Fraternity Staff

William F. Koch, 1967, has joined the executive staff of Sigma Tau Gamma Fraternity as a Chapter Counselor. Koch will counsel chapters of the fraternity throughout the country and aid in the development of new chapters.

A 1963 graduate of Carrollton High School, Bill attended Trenton Junior College for two years before entering N.M.S.C. At Kirksville, he was editor of the 1967 ECHO, a student mentor and an officer of the Sigma Tau Gamma chapter.

He was awarded the first P. O. Selby Scholarship Award, given annually to an outstanding member of the chapter, and was selected as one of the most outstanding 25 seniors in the nation by Sigma Tau Gamma in 1967. He was also one of the initial directors of the N.M.S.C. Alumni Association.

Since graduation, he has taught in the Ritenour School District in St. Louis County and has also worked for Trans World Airlines. He has completed active duty in the National Guard. He has also served as adviser to the Sigma Tau Gamma chapter at the University of Missouri at St. Louis and last spring received its distinguished service award.

Bill is one of the Chapter Counselors who works out of the Fraternity's Executive Office in St. Louis. In addition to counseling chapters, he will also assist in the development of leadership programs for the fraternity.

Bulldogs Tie for Conference Crown in Football

It's said in football circles a tie is the same as "kissing your sister". Northeast Missouri State's Bulldogs, who have repeated as MIAA Conference co-champions, agree with this proverb, but they still hold a great deal of pride about the 1970 campaign, according to Coach Russ Sloan.

"Sure, we're disappointed we couldn't take all the marbles this season," exclaimed Sloan after his troops had thundered past Missouri (Rolla), 35-19, on Nov. 21. "However, this was a rewarding year for us, because most polls picked us third or fourth in the league. But our kids didn't believe they were beaten until someone proved it."

NMSC must share the crown with Central Missouri State, which ambushed Southeast Missouri State, 16-7, the same weekend. Both teams concluded the league slate with identical 5-1 marks.

The Bulldogs who posted an overall 7-2 ledger, best in five years, bounced back in the finale after absorbing a 26-15 setback on Nov. 14 to Lincoln University. That loss dropped the Purple and White into a deadlock with CMSC and SEMS.

Sloan was not as jubilant in the first half of the Rolla skirmish as he was in the post-game setting. His men drew first blood in their initial series, going 41 yards in eight plays with quarterback Don Cummings (Lombard, Ill.) capping the drive by firing a 19-yard pass to split end Mike Berentes (Rock Falls, Ill.) However, the Miners, using a devastating ground attack to great advantage, took a 7-6 lead on a 78-yard march. Pat Godwin, the Rolla field general, found fullback Jim Chatman open in the end zone for an eight-yard aerial.

Fullback Pete Robertson (East St. Louis, Ill.) put the Bulldogs ahead to stay on a one-yard dive with 14:27 remaining in the half. But UMR tailback Bob Berry retaliated with a one-yard sneak nine minutes later. Although a two-point conversion attempt failed, Coach Dewey Allgood's forces trailed just 14-13.

Then, with only a few minutes remaining before intermission, Cummings lofted a 47-yard pass to Berentes, who was hauled down on the Miner four. Tailback Lenvil Elliott (Richmond) skirted right end for the final three yards with only 30 seconds remaining in the first half.

"The big pass in that series was

probably the turning point in the contest," Sloan asserted. "We made some defensive adjustments in the locker room that seemed to help, at least Rolla wasn't running over us as effectively in the final 30 minutes."

UMR rolled up 171 yards from rushing plays before halftime, but was not quite as successful in the last two periods, gaining 93 yards.

The Bulldogs scored the first time they had their hands on the pigskin in the third stanza. "Wildcard" Randy Dawson (Kansas City) set up the touchdown by picking off a Godwin aerial and racing 64 yards to the visitors' eight. After a two-yard loss, Cummings fired a 10-yarder to Berentes on fourth down for the TD.

Allgood's club narrowed the deficit to 26-19 with its final tally early in the last frame after halfback Kim Colter swiped a Cummings' throw. Chatman culminated a 31-yard march by slashing three yards over right tackle.

NMSC added "insurance" on a 22-yard field goal by Berentes, his first of the season. Then, the senior terminal grabbed his third TD pass from Cummings, this time a 12-yarder with 5:09 left.

UMR's potent aerial game, ninth among NCAA College squads last week with a 224-yard coverage, was limited to 112 by the Bulldogs secondary. "I thought Dawson and Mike Dahlberg (Lombard, Ill.) did a fine job on Bob Somerville," Sloan stressed. The Miner slotback, leading NCAA College Division pass catcher with 68 receptions for 807 yards, was held to five for 60 yards Saturday afternoon. "Bob Hepker (Center Point, Ia.) covered split end Martin Weekley did well," Sloan observed. "He caught only one pass for 14 yards."

Rolla's Bob Berry, switched from fullback to tailback because of an injury to Steve Kubiak, his team's top rusher, netted 119 yards in 31 tries. Chatman punched out 93 yards in 23 carries.

Pete Robertson (East St. Louis, Ill.) crunched out 73 yards in 14 carries to conclude his junior campaign as NMSC's rushing ace with 488 yards in 124 cracks at the line of scrimmage. The Bulldogs piled up 451 yards, 142 of them coming on the ground.

Cummings climaxed a brilliant four-year career with one of his better efforts, according to the Bulldog pilot. The senior signal caller clicked on 14

of 26 attempts for 309 yards to raise his season's total to 2,221 yards. He re-wrote the Bulldog single year and career standards for most yards via the airlines (2,221 and 5,539) and most aeriels completed (128 and 347). Cummings also shattered the mark for most career touchdown passes (38) and matched his standing record for single campaign scoring tosses (15).

Berentes, who operated only two years as an end, now holds four new standards. He hauled in 15 TD career passes and nine this fall, and snatched 92 career heaves and 48 this autumn. The Bulldog passing battery was selected last week to the Associated Press Region 5 team.

A third choice to the AP listing was senior linebacker Aubrey Johnson, who finished his career by making 18 solo tackles last weekend and assisting with six stops.

"We did much better in 1970 than I anticipated," Sloan concluded. "Our offensive interior line had to be rebuilt, and I knew the conference would be stronger and better balanced this year. I'll have to give a lot of credit to a fine group of assistant coaches, too."

All-American Honors To Gridiron Standouts

Aubrey Johnson, (Kennett), senior linebacker at Northeast Missouri State, was selected to the third team for the Associated Press College Division All-American Squad.

Quarterback Don Cummings (Lombard, Ill.) and split end Mike Berentes (Rock Falls, Ill.) were chosen to the honorable mention offensive listings, and end Ken Bebermeyer (Washington, Mo.) was in the honorable mention defensive group.

Johnson, a 6'1", 212 pound performer, has been described by Coach Russ Sloan as a "mobile linebacker with great speed and lateral movement". He was rarely knocked off his feet this past season, and possessed the ability to overcome an initial mistake and get to the pigskin or runner quickly, according to his mentor, whose 1970 edition shared the league title with Central Missouri State.

Cummings, a senior signal caller, eclipsed seven Bulldog passing records during a brilliant four-year tenure. He now holds the school standard for single season and career passing

(2,221) and (5,539), single season total offense (2,115), single season and career aerial touchdowns (15) and (38), and single season and career passes completed (128) and (347). Cummings was fifth among NCAA College Division total offense leaders and 17th among passers in final statistics for the past campaign.

Berentes, who performed as a receiver only his final two campaigns for the Purple and White, shattered three single season and three career school marks — reception yardage (946) and (1,658), touchdown aeriels caught (9) and (15), and total passes caught (48) and (92). Some of the statistics were produced his first two years when he played tailback.

Bebermeyer, another senior, missed capturing conference first team honors only his sophomore year. Sloan termed his 6'2", 220 pound terminal as an "extremely tough, strong and agile performer". Bebermeyer is one of only four NMSC players to be tabbed for MIAA first-team recognition as a freshman.

Johnson and Bebermeyer were 1970 tri-captains.

Ten additional MIAA performers made the honorable mention category. Picked to the offensive list were end Ed Coates, Central Missouri State; flanker Bob Somerville; Missouri University (Rolla); tackle Tony Frusco, CMSC; guard Steve Johnson, Southeast Missouri State; center Ron Helms, SEMS; quarterback Steve Eckinger, CMSC; running back Bob Berry, UMR; and running back Eddie Moss, SEMS. Defensive tackle Jack Martin, SEMS, and defensive middle guard Essex Crawford, Lincoln University, were also selected to the honorable mention list.

Wrestlers Open Season Under New Mentor

If the 1970-71 Bulldog wrestlers can erase seriols marks in the upper weight classifications, they would probably enjoy a successful campaign, according to their new mentor, Bruce Craddock.

NMSC will try for an unprecedented third consecutive MIAA Conference title, but six lettermen, including two All-Americans — 118-pounder Curd Alexander and heavyweight Rich Beard — have departed from the scene. Other numeral winners to be replaced include Harry Brown, 134 pound league champ; Steve Miller, 158-pound runner-up; John Sticht, 190-pound runner-

up; and Doug Reining, who gained some experience at 158 and 167.

However, seven 1969-70 monogram recipients, four squadmen and two 1968-69 lettermen are in the fold. The seven are Stan Huggins, the MIAA crown-bearer at 177; Dan Klein, runner-up at 167; Matt Stallings, champ at 142; Larry Kersten, third-place finisher at 136; Roger Hodapp, third-place finisher at 150; Bob Bilder (130-150), and Steve Johnston (118-130).

Ray Moncavage and George Simmons were 1968-69 MIAA titlists at 130 and 177 respectively. Last year's squadmen include Jim McGinness (150-170), Jay Gassman (120-140), Martin Pingel (118-130), and Mike Burton (150-170).

Craddock greeted about 30 newcomers, but the top varsity prospects in this group appear to be sophomore Gary Arner (130-150); juniors Gene Proctor (177-190), Danny Ray (120-140), and Dean Whitcher (140-150); and freshmen Joel Fye (118-123), Rick Bader (150-170), Al Louvar (190-hwt.), and John Maniccia (126-134).

The Bulldog coach may have to do quite a bit of shuffling in the upper weights to find the right combination. For instance, Huggins and Klein could get the nod at either 167 or 177. Simmons could go at 190 or heavyweight. Depth-wise, the biggest headache seems to be 190 where Simmons is the only tested performer.

"We can't afford injuries in the upper weights, but we'll probably be fairly deep between 118 and 158 where we can put either a numeral recipient or squadman on the mat," commented Craddock. The Bulldog boss said there was a possibility of more candidates coming out for the team after the 1970 football season was concluded.

Young Cross-Country Squad Finishes Fourth in MIAA

Freshman Lindley Lipper (Kahoka), who came to the forefront for Northeast Missouri State's cross-country squad this fall, paced the Bulldogs to fourth place on Nov. 7 in the MIAA Conference Meet at Rolla.

Lipper finished eleventh with a time of 26:46 over the five mile course for Kenneth Gardner's harriers, who posted a team score of 109 points. The yearling has been NMSC's top performer since senior Pat Sullivan was injured in the 1970 opener.

"I was like most of the league

coaches . . . disappointed with the results," commented the veteran mentor. "Of course, Marvin Rosengarten of Southeast Missouri was happy. He has a fine group this year, and Southwest Missouri also did a good job." Ken Ault of SWMS was the individual winner.

SEMS lived up to its pre-meet billing, capturing honors with only 24 points. SWMS was second with 63 points, nudging out Northwest Missouri, which garnered 65. Central Missouri placed fifth with 124, followed by Missouri (Rolla) with 134, and Lincoln, the MIAA newcomer, with 219.

Lipper was the only Bulldog in the top 19 finishers. Junior Loren Moes, the second "oldster" in Gardner's "Kiddie-Korps", came in 20th with a time of 27:29. Sophomore Bob Hunderdosse (Fairfield, Ia.) was clocked at 28:07 for 25th place, and Sullivan crossed the finish line in 26th place with a 28:19. Sullivan competed only for the second time since September after bursitis and a muscle tear sidelined him.

Other NMSC finishers: Sophomore Bill Chickering (Ottumwa, Ia.), 27th, 28:22; Hardie Smith (Kansas City), 28th, 28:26; and Clarence Dottrey (Kansas City), 36th 29:55.

The Bulldogs posted a 3-3 dual record this fall. All thinclads except Sullivan will return next year.

Roundballers Are Young But Talented Squad

Boyd King would like to "go out" as NMSC mentor with a banner campaign, but he would be the first to admit his young Bulldogs for 1970-71 may have to be brought along slowly. The Dean of MIAA Conference coaches announced this past summer he would resign next June 30 after 25 years of service as hardwood boss of the Purple and White. His won-and-loss chart shows a glittering mark of 362-190 since the 1946-47 season.

Four of King's starters from last winter have departed, including his best two scorers, forward Don Bramlett (14.1) and guard Ron Sterchi (14.0). Pivotman Jerry Buhr, the top rebounder, is also gone, as well as backliner Bob Fuka. This group had carved out a 10-6 record through January, and then, the roof caved in. The Bulldogs managed only one victory in eight starts that last month, and tumbled to the league cellar for only the second time since World War II.

"Our primary weaknesses last year weren't really lack of size and poor defense," insists King. "We needed consistency in our field goal and free throw shooting, and our speed was below par. We'll spend more time in our pre-season practice sessions on shooting. Hopefully, we can move into the lineup as quickly as possible people who are fast and possess the ability to put the ball in the hoop with consistency."

The Bulldog headmaster has five lettermen and several returning squadmen to try to blend with a group of promising newcomers.

Frontliner Claude Wilson, a second team all-MIAA selection two years ago, was hindered by a series of pulled muscles that plagued him from the early days of December to the conclusion of the campaign. Other returning numeral recipients include center Steve Jurkins, a 1968-69 monogram winner, forward Lou Gregory, guard Jim Magruder and forward-center Charles Currie, whose ineligibility the second semester was instrumental in the team's sudden plunge the last weeks of the schedule. Currie, the best jumper on the squad, averaged 8.1 and 8.5 rebounders per outing before having to sit out the final eight contests.

These five will be tough to edge out of the starting lineup. However, they will be pressed for starting duty. At least two returning squadmen should battle it out for first-five or top reserve assignments. Backliner Pat Sullivan, a fine leaper, may also require more seasoning. Dave Davis, available only the first term last year, is an able ball-handler and performer on the press. If his shooting has improved, he will make his presence felt.

Best bets among the newcomers to break into the top varsity spots are transfer center Keith Matzen, whose 6'7" height should provide rebounding transfer center Keith Matzen, whose 6'7" height should provide good rebounding and scoring power; George Saffarrans, a fine-looking freshman from Monroe City who will be switched from the pivot to a wing slot; and two highly regarded yearling backcourt candidates, Joe Boyer of Festus and Tom Pausche of Lisle, Ill. Both guards are "very well balanced" for being only first-year men, according to King.

"We'll depend a lot on teamwork and overall good performances from everyone," remarks the veteran coach. "How well we do will largely depend on how quickly we learn."

Five Bulldog Gridsters Named to MIAA Team

Five Northeast Missouri State football players, including three 1969 repeaters, were selected by MIAA Coaches in December, to the 1970 All-Conference mythical team.

Eight other members of the league co-champions were picked for either the second group or honorable mentioned listings.

Quarterback Don Cummings (Lombard, Ill.), defensive linebacker Aubrey Johnson (Kennett) and defensive end

Mike Berentes

Ken Bebermeyer (Washington, Mo.), all seniors, were cited for the second consecutive year. Senior split end Mike Berentes (Rock Falls, Ill.), an honorable mentioned choice last fall, and sophomore tight end Tom Geredine (Kansas City) were also tabbed for the top offensive aggregation. This was Geredine's first appearance on an MIAA All-Star list.

Don Cummings

Senior tackle Greg Skinner (Tuscola, Ill.) was selected to the second defensive team again, and senior tackle Gary Lacey (St. Charles), who received honors for the first time, made the second offensive unit. Honorable mentioned choices were senior slotback

Charles Blakely (St. Joseph), senior defensive halfback Charles Brown (St. Louis), junior fullback Pete Robertson (East St. Louis, Ill.), sophomore tailback Lenvil Elliott (Richmond), junior defensive tackle Bill Dennis (Princeton, Mo.), and freshman linebacker Craig O'Sadnick (West Brooklyn, Ill.).

Central Missouri State's Steve Eckinger, voted by the mentors as the "Most Valuable Player", and Cummings tied again this year for the signal-calling slot. Bebermeyer was named to the first team three times during his career, missing all-star recognition only as a sophomore when he was hampered by injuries.

Cummings, Berentes and Johnson were also picked to the Associated Press District 5 all-region squad.

Tom Geredine

The Bulldog field general shattered seven NMSC passing marks during his four-year tenure, including single season total offense (2,115), yards passing (2,221), aerial touchdowns (15), and passes completed (128), and career standards for yards passing (5,539), aerial TD's (38), and passes completed (347).

Berentes now holds three single season and three career school records — reception yardage (946) and (1,658), touchdown passes caught (9) and (15), total aerials caught (48) and (92).

Johnson, an agile and quick defender, intercepted three passes this fall. He was rarely knocked off his feet, and possessed an uncanny ability to find the pigskin, according to Coach Russ Sloan.

Geredine hauled in 31 tosses for 574 yards and three scores during the 1970 campaign.

The Bulldog boss lauded the "great desire" displayed by Skinner and Lacey throughout the recent campaign. Skinner, who tips the scales at only 205

pounds, and the 215-pound Lacey usually confronted larger foes on the

Aubrey Johnson

opposite side of the line of scrimmage, Sloan pointed out.

Robertson paced the Purple and White in scoring and rushing with 62 points and 488 yards. Elliott was third in point production with 48 counters and second in ground yardage with 365. Blakely, a clutch performer, averaged 6.3 yards per clip on infrequent carries, and finished third in pass receptions with 27 for 367 yards. He was first in punt returns and second in kick off run backs.

Brown, called the best defensive tackler in the secondary by Sloan, picked off two enemy aerials as a senior.

O'Sadnick was the only NMSC fresh-

Ken Bebermeyer

man to earn a starting role this fall. Coach Russ Sloan labeled the 6'0", 170-pound former Mendota High School standout as an "exceptional first year man with fine speed, quickness, and instincts."

Dennis, a 6'3", 235-pound junior defensive tackle, was called one of the fastest MIAA linemen for his size by Sloan
