## FACULTY OF 1899-1900.

JOHN R. KIRK, President,  
Department of Pedagogy.

RICHARD C. NORTON, A. M., LL. D.,  
Department of Mathematics.

WILLIAM D. DOBSON, A. M., LL. D.,  
Department of History and Civics.

WILLIAM RICHARDSON, A. M., Ph. D.,  
Department of English Language and Literature.

B. P. GENTRY,  
Department of Latin.

LOUIS S. DAUGHERTY, M. S.,  
Department of Natural Science.

J. E. WEATHERLY, B. S.,  
Department of Physical Science.

ERMINE OWEN,  
Department of Elocution and Physical Culture.

MARY T. PREWITT,  
Assistant in Mathematics.

RUBY WESTLAKE,  
Assistant in Latin, History and Civics.

HALLIE HALL, A. B.,  
Assistant in English Language and Literature.

KATHERYN GARWICK,  
Department of Music.

MARGARET DEWITT,  
Training Department.

CHARLES EDWARD ROSS, Secretary of Faculty,  
Department of Art.

## GENERAL INFORMATION.

### LOCATION.

This State Normal School has the advantage of an unusually good location. Kirksville is a progressive modern town of nearly ten thousand population. It is proverbial for good health. It has electric light and water works, good sidewalks, paved streets and the best of railroad facilities. The Wabash Railroad by way of Moberly connects directly with Kansas City and St. Louis; it crosses the Missouri, Kansas & Texas at Moberly; it crosses the Hannibal & St. Joe at Macon, giving connection with the entire Burlington System; it crosses the Keokuk & Western at Glenwood Junction, the Chicago, Burlington & Kansas City at Moulton, Iowa, and the Rock Island at Belknap, Iowa, giving east and west connections at those places; it communicates directly with Ottumwa and Des Moines on the north. The Omaha, St. Louis & Eastern Railway gives Kirksville the advantage of direct communication with Quincy on the east and with Omaha and Kansas City on the west, crossing the Chicago, Burlington & Kansas City at Milan, also the Rock Island and Milwaukee Railways at Trenton.

### DESIGN OF THE NORMAL SCHOOL.

The Normal School is designed to prepare teachers for the public schools of the state, not simply for the rural schools and other elementary schools, but for all the public schools of the state. It is not a High School; it must for some time yet give academic instruction pretty nearly co-ordinate with that of the best high schools, but its distinctive purpose is pedagogical, and it is assumed that the General Assembly has no other purpose in its support and maintenance. Students who do not intend to become teachers should therefore not attempt to secure their education in the State Normal School.

An inspection of the course of instruction given by this institution will show that about four-fifths of the student's time is devoted to the attainment of scholarship, as is done in most western institutions of this character; that about one-fifth of the student's time is devoted to the observation, study and discussion of matters pertaining to school organization, management and methods of instruction. This division of the student's time seems, for the present at least, to be necessary, but it is hoped that conditions in Missouri will soon be such that the High Schools of the state will give practically all the academic instruction now given in the Normal Schools, and that the Normal Schools can be devoted more nearly to training and instruction for purely pedagogical purposes.

The Sub-Normal school year will be continued a little longer, but it should certainly be abolished at an early date.

### THE MODEL SCHOOL AND TRAINING DEPARTMENT.

It is thought that the Model School and Training Department should characterize every real normal school, and it is the intention that the same shall be a distinctive feature of this institution. About one hundred children, representing all grades be-

low the High School, constitute the Model School, in which an attempt will be made to illustrate the best methods of teaching in elementary schools.

The Model School this year, at least, will attempt to exemplify the Speer method of teaching Arithmetic; Literature from the first to the eighth grade, inclusive; Geography from the standpoint of those practical men who have gone into the fields, and who are teaching by truly objective or laboratory methods; composition as an outgrowth of literature and of observation; Drawing as it is given in the best Normal Art Schools; Music, and in fact everything which is appropriate to teach in a practical up-to-date elementary school. It is the intention of the present management of the institution to make this Model School both attractive and profitable to the Normal School students, or else have it abolished.

#### BASIS FOR PEDAGOGICAL INSTRUCTION.

It is proposed to make the Model School the basis for the greater part of the instruction in the Department of Pedagogy. To this end the President of the Normal and the supervisor of the model school will co-operate. They will undertake to make the model school so complete an exemplification of rational and practical methods of instruction that illustrations of right methods may readily be drawn from it by those students who are assembled in the various classes for the study and discussion of pedagogical principles and practices.

#### KIND OF STUDENTS INVITED TO THIS SCHOOL.

The State of Missouri offers this great institution as a training school for prospective public school teachers. The institution invites to its doors brave, strong young Missourians who are willing to devote their lives to the *mastery of a great profession*. Idlers are not wanted; feeble people are not wanted; those seeking a mere fashionable and nominal education are not wanted; those who seek an education for the sake of living easier lives are not wanted; those, and only those, are wanted who are pure-minded, sensible, industrious and purposeful.

It will be wise to enter at the beginning of the year and to be in the assembly room the first morning of the term, Tuesday, Sept. 5th, 1899. It is recommended that as many young men and young women as possible lay their plans to attend continuously three or four years, but at all events it is deemed eminently desirable that students try to enter at the beginning of some one year and remain at least throughout a period of ten months.

#### LITERARY SOCIETIES.

Among the students three literary societies are maintained—Philomathean, Senior and Zetosophian. In these societies literary exercises consisting of declamations, essays, orations, debates, etc., are conducted each week. Membership in the societies is voluntary. It is not supposed that the exercises of these societies will take the place of deep and persistent study of literature, rhetoric, etc., in the regular classes of the English Department. The literary societies are rather outgrowths of literary study, and supplementary to the usual class-room exercises of the institution.

## LIBRARIES.

This Normal School already has a small general library, composed of standard works of science, poetry, biography, fiction, art and history. These books are for the use of the school at large. There is also a small reference library containing various reports, cyclopedias, dictionaries and text-books.

*A New Feature.*—The last General Assembly of Missouri appropriated \$2500 for the purchase of books and scientific apparatus. Doubtless about half of this sum will be expended on the library, but a better distribution and a new use of the books purchased is hereafter to be made; it is proposed to have at least one book-case in every class room of the institution, and with the money above mentioned to fill these cases with books adapted to the purposes of the several departments of the institution. Thus the teacher of Science, the teacher of Literature and each of the other teachers will have resources close at hand at all times with which to supplement the usual classroom instruction. There seems to be no doubt that a disposition to investigate and a habit of reading for definite purposes will be more effectively fostered and directed in this way than through a general library remote from where the daily work of the student is carried on.

It is to be understood, of course, that these books, under the watch-care of the respective teachers, are for the free use of all students to whom they may be of real service.

## GENERAL REGULATIONS.

Students are required to comply with the following, and with such other regulations as the Board of Regents, President and Faculty may from time to time make known:

1. Students are required to be present at all general exercises of the school and at every recitation; and to perform faithfully all the duties assigned them.
2. No student shall discontinue a study except for good cause, of which the department teacher and the President of the Faculty shall be the judges.
3. Students are prohibited from visiting billiard rooms, pool rooms, and other similar places of resort.
4. The use of profane, obscene and other improper language is prohibited.
5. The use of tobacco in or near the Normal School building, or on the premises is prohibited. Indulgence in any kind of intoxicants is prohibited. Games of chance and other amusements that hinder study, retard work or injure the reputation of the institution are not to be indulged in by the students. The carrying of firearms by students is prohibited.
6. The courtesies and requirements of good society and of good morals apply to the management of the students in respect to personal association, so far as the conditions under which the students live make it possible. It is expected that under no conditions will lady students permit gentlemen to call upon them in their lodging rooms, and persons keeping boarding houses are held responsible for such violations, the faculty holding the right of forbidding students to lodge at places where these reasonable conditions are not enforced. Many things that could be permitted at home under the care of parents can not be allowed here, and students violating such special

provisions will be considered not fit persons to become teachers and their connection with the school will be discontinued by the faculty. Admonition is given when necessary, and it is expected that thereafter no further cause will be given for criticism or advice. If heed is not given to such requests upon the part of any member of the faculty, the person so transgressing is disciplined. Heads of families keeping student boarders are expected to report any violations of the above regulations, or any other irregularities in deportment.

7. Students leaving school without being regularly excused by the president will be considered suspended.

8. All permissions and excuses required by the above regulations must be obtained from the president of the faculty, or from such persons as may be designated by him.

### SPECIAL REGULATIONS AND DIRECTIONS.

1. Conversation is not permitted in the library or reading rooms, as it results in confusion.

2. Loitering or loud talking in the halls or cloak rooms is forbidden.

3. Books, wraps, hats, caps, overshoes, umbrellas, etc., should be marked plainly by owners thereof so they may be known.

4. The city residence of every student is required at the office. In case change is made, report it at once.

5. Every case of sickness should be promptly reported to teachers and also to the office.

6. In passing to and from all classes, students are required to keep to the right in single file and refrain from conversation. In case it is necessary to cross a column stop until you can proceed according to this rule.

7. Reasons for absence from school, or from any class, are to be presented at the office before entering the class.

8. All reasons for absence must be in writing and must be returned to the office after being exhibited to and signed by the several teachers.

9. Regular faculty meetings occur at 3 o'clock P. M., Mondays, during term time. Students must arrange their business with the faculty to conform to this time.

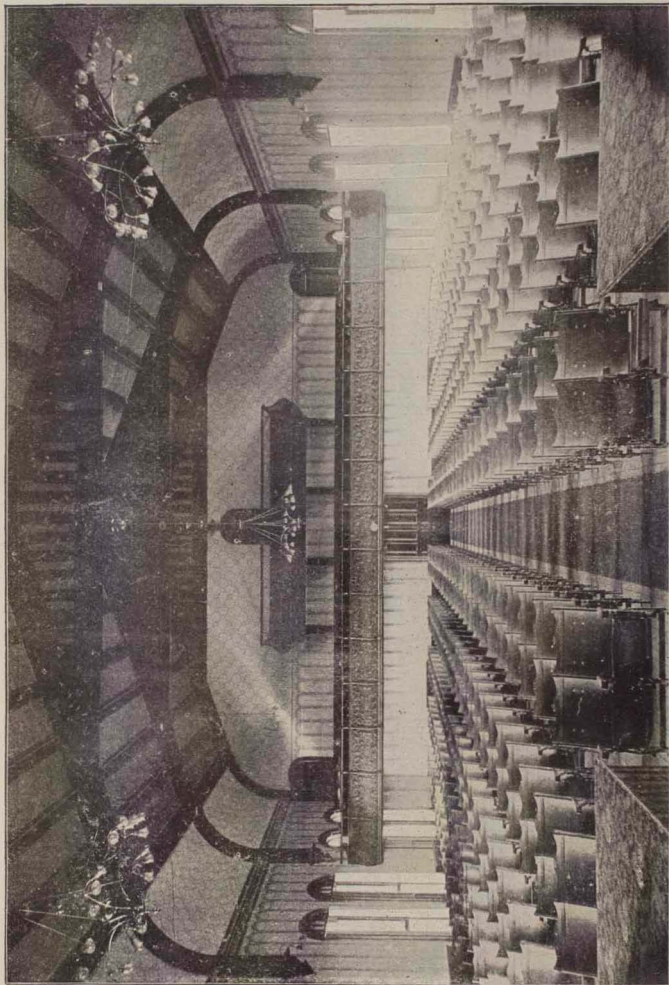

### EXPENSES.

Expenses from \$25 to \$40 per term.—This is the total cost of board, light, fuel, books and incidental fee for a term of ten weeks.

Boarding costs from \$2.50 to \$3 per week.—This includes furnished room, light and fuel. [Good homes in private families can always be secured.]

Club and self-boarding costs from \$1 to \$2 per week. For this purpose either furnished or unfurnished rooms can always be secured at reasonable rates. Many of our best students board themselves, or board in small clubs. Furnished rooms may be rented for \$2.50 to \$3.50 per month.

Tuition free; incidental fee, \$5 per term of ten weeks, or \$8 per semester of twenty

ASSEMBLY ROOM.

weeks. No other fees whatever required by the institution. The payment of the incidental fee to the treasurer secures for the student a permit, which he must have recorded before entering any class. In no case will the incidental fee be refunded.

Students should bring with them all their text books, for reference and for class room use.

Our seventy or more daily recitations accommodate all. Students prepared to enter will find classes to suit them.

Students are urged to be present at the beginning of the year if possible.

Students are cordially welcomed. The teachers and students will welcome you. Our citizens will honor and respect you. They will receive you into their families their Sunday schools and their churches. All will contribute to make your stay with us as pleasant as possible. Confident that you will be pleased with the Normal School you are earnestly invited to come and enjoy its advantages.

Persons wishing to engage board in advance should address Prof. B. P. Gentry or the president, Kirksville, Missouri, stating the price per week they wish to pay, and all arrangements will be made.

Ladies coming alone will be met at the depots, and boarding places found for them, if they will send postal cards addressed to the president, or to "State Normal School, Kirksville, Missouri," making this request.

#### MORAL AND RELIGIOUS INFLUENCES.

Most of the religious denominations of the west are represented here. Their Sunday schools and churches extend a cordial welcome to the students. The students board in the families of our best citizens. The resident ministers visit the Normal School weekly, and by their influence assist in maintaining the moral tone of the institution.

The students voluntarily maintain young men's and young women's Christian Associations, under whose guidance much social, moral and religious work is done. The President of the Y. W. C. A. requests the following announcement in this catalogue: "The object of this association is to represent and in every way promote practical Christianity among the students. This work is rich in good results. Every young woman on entering the Normal School is invited to identify herself with this organization. It is important to enter the association early in the school year, as numerous changes in the student corps each year leave many things for those to do who enter as new students at the beginning of the year. A letter addressed to the President of the Y. W. C. A. or to the Secretary will receive prompt attention. Young women wishing information in regard to board, clubbing or self boarding may receive it by writing to Miss Lettie Petree, Secretary Y. W. C. A., Kirksville, Missouri."

#### CONDITIONS OF ADMISSION.

1. Male applicants must be at least sixteen and females fifteen years of age.
2. Those seeking admission for the first time must present satisfactory evidence of GOOD MORAL CHARACTER. A letter from the County Commissioner, or from some person of well-known integrity, will be sufficient.
3. Those who come from other institutions of learning must submit satisfactory evidence of having been honorably discharged.

4. Students wishing to enter the school for the first time, and coming at the beginning of the year should present themselves at the Normal building at 8 o'clock, A. M., on Saturday or Monday preceding the Tuesday on which the first term of the school year opens.

5. Standing obtained recently in High Schools, Academies and Colleges on the approved list of the State University will be accepted by this institution, after satisfactory examination in any one subject agreed upon by the applicant and the President of this institution.

6. All students must have paid the incidental fee and presented the treasurer's receipt therefor before being granted the privileges of class work.

7. Each applicant must "sign a declaration of intention to follow the profession of teaching in the public schools of the state," and must also sign a pledge to cheerfully comply with the regulations of the school, requiring promptitude, regularity and proper decorum.

#### TIME OF ADMISSION.

The President and Secretary of the Faculty will be at the Normal School Building at 8 o'clock A. M., Saturday, September 2, 1899, at which time all resident students and all students of the Sub-Normal course and all students of the Freshman year are requested to be present if possible for classification. The program showing order of recitations, etc., will at that time be made up. On Monday, September 4, it is desired and requested that all others seeking entrance be present for classification.

#### CONDITIONS OF GRADUATION.

1. Candidates must possess good moral character.

2. Each candidate must have a grade of not less than 75 per cent. in each branch of study in the course pursued, and 80 per cent. on general average. Students having a grade of 90 per cent. or more, in any subject, will be considered distinguished in that subject, and will be so announced.

3. Each candidate must submit to and read before the faculty, at the middle of the second term, a thesis on some educational or literary topic.

#### ARTICULATION WITH STATE UNIVERSITY.

(FROM CATALOGUE OF UNIVERSITY.)

"Graduates of the three State Normal Schools in the advanced Latin course of study as recently established will be admitted to the University without examination and be permitted to enter without condition the Freshman Class in the B. L. and B. S. courses in the Academic Department, and the Freshman class in Engineering. They may also enter the Departments of Law and Medicine, and the School of Agriculture, and the School of Mines at Rolla. In any course, they may enter as much higher than Freshman as in the judgment of the professors their qualifications permit."

#### MEDALS.

R. M. RINGO PRIZE MEDAL.—For the delivery of the best original oration R. M. Ringo, Treasurer of the Board of Regents, awards annually a \$20 gold medal.

Contestants confined to the three and four years' classes are to be elected by the literary societies, subject to the approval of the faculty. The number of contestants is determined by the faculty.

This medal was won this year by Mr. John G. Brown.

WM. T. BAIRD PRIZE MEDAL.—For the best declamation, W. T. Baird, Ex-Treasurer of the Board of Regents, annually awards a \$15 gold medal. Contestants confined to the young ladies of the school in studies below the Junior Class and to be selected by the literary societies, subject to the approval of the faculty.

This medal was won by Miss Josephene Buchanan.

LIBRARY PRIZE MEDAL.—There will be awarded a \$15 gold medal for the best declamation given by a young man of the school in studies below the Junior Class. The method of selecting contestants and the time of holding the contest will be determined by the faculty.

This medal was won by Mr. M. A. Romjue,

HISTORICAL ESSAY PRIZE.—Messrs. Funk and Wagnalls, of New York, publishers of "The Columbian Historical Novels," by Jno. R. Musick, will award a \$30 set of these books to the student writing the best essay on some subject of American history.

This prize was won by Mr. L. M. Cox.

## NOTES AND COMMENTS ON COURSES OF INSTRUCTION.

1. To the Student: Do not get confused; inspect the courses of instruction; try to discover what you need; remember always that the courses of study and the daily program are for the student, not the student for the mechanical courses of study or for the program.

**DAILY PROGRAM NOT GIVEN.**—The daily program is not published in this catalogue. It will be constructed at the beginning of the school year in September. It will be adapted to the needs of the students at that time entering the institution.

2. **NEW COURSES OF INSTRUCTION.**—The above given courses of instruction are new and somewhat more extended than former courses. They were arranged and agreed upon some months ago by the State Superintendent of Public Schools and the Presidents of the State Normal Schools of Missouri for the purpose of securing uniformity in these institutions, and have been adopted by the Regents of this Normal School.

**DO NOT BE DISTURBED.**—Take it for granted that the President and the Faculty will be sensible; that they will be fair with the students of the school; that they will not require unreasonable things; that they will not attempt to carry into effect literally any course of instruction offered without notice. To illustrate: Students who in June, 1899, were about through the Junior year, as the course of instruction was then given, will, at the beginning of school in September, 1899, be expected to select and pursue those subjects not hitherto taken by them, which will yet give them the best possible scholarship and culture to be obtained by them in the remaining year which they have planned to spend in the institution.

3. **RECOMMENDATION.**—Strong students who have an ambition to become actual and successful teachers are recommended to take the Latin course, with as much of the English course in addition thereto as their time, strength and opportunities will permit. It is believed that students in the Sophomore year of the Latin course ought to have the History scheduled in the English course of that year, and that most of them will be able to take it. There can be little doubt that graduates of any full course should have had at least two year's instruction in history.

4. **SPECIAL NOTICE. FOUR SUBJECTS.**—Under none except extraordinary conditions will any student be permitted to pursue more than four solid academic subjects, such as Algebra, Latin, English, etc. Four such subjects give twenty recitation periods per week, each forty minutes in length. These, with one drill daily, are all that a healthy student ought to attempt.

5. It is agreed that the student who completes the sub-Normal School course may receive a statement of that fact from the Faculty; that a student who completes

the first two years of either the Latin or the English course shall receive a Regents' certificate, which is by law a state certificate good for two years after date of issue; that a student who completes either the Latin or the English course shall receive the Regents' diploma, which is a life certificate to teach in all the public schools of Missouri. "Resolved, That all students who shall have completed the entire Latin course shall receive a Latin diploma; that all students who shall have completed the English course shall receive an English diploma; that all students who shall have completed both the Latin and the English course shall receive a Latin-English diploma, and that graduates of the above courses shall receive the degree B. S. D., provided that these resolutions shall not apply to students who have already completed two years of the present course of study."—Minutes of Board of Regents, June 15, 1899.

6. It is intended that both the certificates and the diplomas shall show specifically which of the above courses the student has pursued, namely: the Latin course, the English course or both.

7. EXAMINATIONS.—"All persons applying for admission to the sub-Normal School course shall be subjected to a thorough examination in Spelling, Reading, Geography, Arithmetic and Elements of English Grammar. All persons applying for admission to the Normal School proper shall be subjected to a thorough examination in all subjects of the sub-normal school course, and no person whose average falls below 60 per cent. shall be admitted to either."—Minutes of Board of Regents, June 15, 1899.

### TEXT BOOKS.

It is the intention to use in the main the same text books in this Normal School as are used in the public schools of the state, but with this reservation: That new and improved books may occasionally be introduced when the same are manifestly better adapted to the needs of the school than the older ones are.

Students should bring with them all their text-books, since many of their old books not needed for class-room purposes will still be useful for reference.

The adopted books are in the list below and printed in italics:

AGRICULTURE: Book yet to be selected.

ALGEBRA: *Smith, Wentworth's Shorter Course, Milne.*

ARITHMETIC: *Milne, Speer, Walsh.*

ARITHMETIC, MENTAL: *White, Bailey.*

BIOLOGY: *Boyer.*

BOTANY: *Bergen, Gray, Youmans, Wood, Bessey.*

CHEMISTRY: *Storer and Lindsay, Shepherd, Williams, Richter.*

CIVIL GOVERNMENT: *Andrews, Townsend, Macy, Hinsdale.*

DRAWING: *White, Prang.*

ELOCUTION: *Owen, Murdock, Hamill.*

ENGLISH HISTORY: *Green.*

ETHICS: *Peabody, Winslow, Fairchild, Hopkins.*

GEOGRAPHY: *Eclectic, Guyot, Rand-McNally, Natural, Frye.*

GEOMETRY: *Macnie, Wells, Wentworth, Phillips and Fisher.*

GRADED SCHOOLS AND INSTITUTES: *Payne, Kidder, Wells, Phelps.*

GRAMMAR: *Holbrook, Whitney, Conklin, Reed and Kellogg, Patrick.*

HISTORY, ANCIENT: *Myers.*

HISTORY, MODERN: *Myers.*

HISTORY AND CIVIL GOVERNMENT OF MISSOURI: *Rader.*

HISTORY OF EDUCATION: *Painter, Browning Quick, Compayre.*

HISTORY OF THE UNITED STATES: *Montgomery, Barnes, Ridpath, Scudder, Fiske, Morris.*

LATIN: Grammar—*Bennett, Allen and Greenough.* First Year.—First Latin Book: *Collar and Daniell.* Second Year.—*Caesar, Kelsey;* Composition, *Daniell;* Cicero, *Allen and Greenough,* (two orations). Third Year.—Cicero (two orations): *Virgil, Comstock.* Fourth Year.—*Sallust: Horace, Shorey and Kirkland.*

LITERATURE: *Blaisdell, Hawthorne and Lemon, Matthews, Painter, Taine, Royce, Welsh.*

METHODS OF TEACHING: *Fitch, White, Swett.*

MUSIC: Not yet adopted.

MYTHOLOGY: *Guerber.*

PENMANSHIP: *Natural System.*

PHYSICS: *Gage.*

PHYSICAL GEOGRAPHY: *Maury, Guyot, Eclectic, Tarr.*

PHYSIOLOGY: *Walker, Carpenter, Martin, Colton, Stowell, Baldwin.*

PSYCHOLOGY: *White, Baldwin, Halleck, Roark.*

RHETORIC: *Genung, Welsh, Hill, Williams.*

SCHOOL ECONOMY: *Raub, Hughes, Baldwin, Greenwood, White.*

TRIGONOMETRY: *Wells, Wentworth, Bowser, Smith.*

ZOOLOGY: *Holder, Colton, Packard, Orton.*

## GRADUATE COURSE.

### MASTER OF SCIENTIFIC DIDACTICS.

This diploma will be issued to such graduates as teach successfully for three years after graduation, and complete the following course of reading, or its equivalent to be approved by the faculty. Each applicant shall submit a satisfactory original thesis of from four to five thousand words on some phase of educational work, the subject to be approved by the president of the faculty, and shall be printed or written by typewriter, and filed in the library of the school. The objects of this course are to stimulate graduates to continuous and well directed effort. - For particulars as to fees, advanced work in any department, substitution of subjects for any in course, or any information concerning the same, address the president.

#### GROUP 1.—*History.*

History of the English People, *Green.*  
 History of France, *Guizot.*  
 Conquest of Mexico, *Prescott.*  
 Frederick the Great, *Carlyle.*  
 Natural History of the United States, *Lossing.*

#### GROUP 2.—*Poetry.*

The Iliad, *Homer.*  
 Course of Time, *Pollock.*  
 Lallah Rookh, *Moore.*  
 Hiawatha and Evangeline, *Longfellow.*  
 Ancient Mariner, *Coleridge.*

#### GROUP 3.—*Fiction.*

Waverly and Ivanhoe, *Scott*  
 David Copperfield and Nicholas Nickleby, *Dickens.*  
 Undiscovered Country, *Howell.*  
 Endymion, *Beaconsfield.*  
 Vicar of Wakefield, *Goldsmith.*

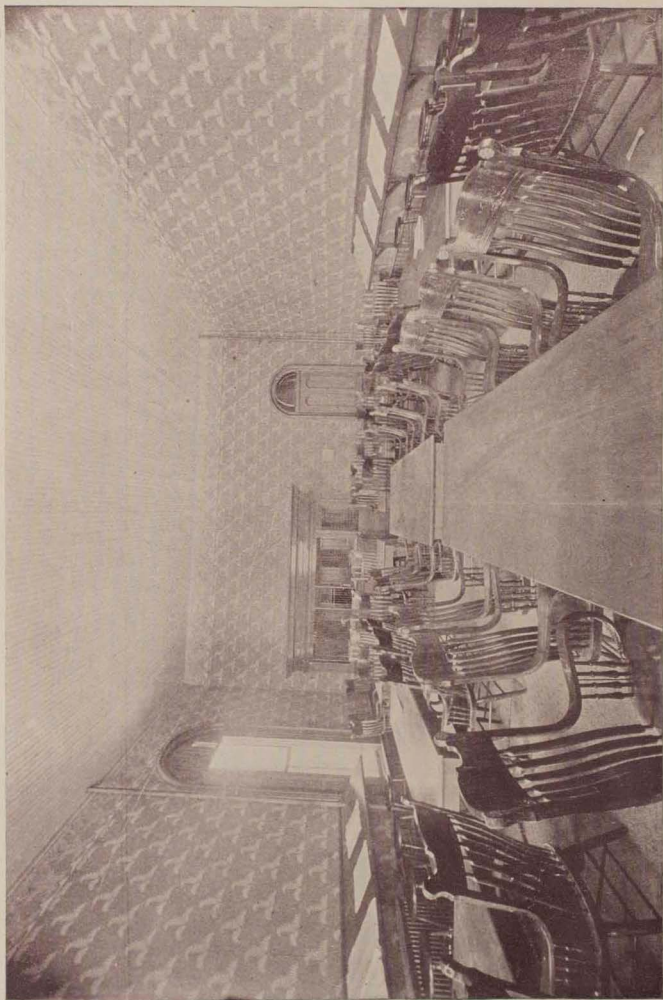

#### GROUP 4.—*Literature and Civics.*

History and Philosophy of Literature, *Welsh or Taine.*  
 Hamlet, Henry IV, Merchant of Venice, *Shakespeare.*  
 The Nation, *Mulford.*  
 Constitutional History of the United States, *Von Holst.*  
 The State, *Wilson.*  
 The American Commonwealth, *Bryce.*

#### GROUP 5.—*Science and History of Education.*

Lectures on Education, *Payne.*  
 Lectures on Education, *Herbert Spencer.*  
 Education as a Science, *Bain.*

READING ROOM

Lectures on Teaching, *Compayre*.  
Rise and Constitution of the Universities, *Laurie*.  
History of Education in the United States, *Boone*.

GROUP 6.—*Psychology and Ethics*.

Outlines of Psychology, *Sully*.  
Modern Philosophy, *Bowen*.  
History of Modern Philosophy, *Cousin*.  
Christian Ethics, *Gregory*.  
Psychology Applied to the Art of Teaching, *Baldwin*.  
Moral Philosophy, *Winslow*.

GROUP 7.—*Professional*.

Theory and Practice, *Thwing*.  
Free Schools of the United States, *Adams*.  
Methods of Teaching, *Brooks*.  
Teacher and Parent, *Northend*.  
School Amusements, *Root*.  
Life of Pestalozzi, *Krusi*.  
The Child, etc., *Kriegcr*.  
Self Culture, etc., *Blackie*.

The completion of ten subjects, together with the above mentioned thesis, will entitle the candidate to this diploma. In the selection of these subjects for study and examination, one study only shall be taken from each of the first four groups, and two from each of the remaining three.

Candidates for the above degree must send to the president of the faculty their theses and outlines of the course they have pursued, at least two weeks before commencement; must appear before the faculty within such time, and be present on commencement day to receive their diplomas, unavoidable circumstances alone excusing them.

## STATISTICS, 1898-99.

### Summary.

	Ladies.	Gentleman.	Total.
Enrollment.....	374	365	739
Training School.....	56	47	103
Grand Total.....	430	412	842

### Graduates.

Average age of Advanced Class.....	23 years
Average age of Elementary Class, over.....	22 years
Number in the Elementary Class who will teach next year.....	92 per cent
Number in the same class who will return to school.....	8 per cent

### Occupations Represented.

From the farm, over.....	71 per cent
Mercantile pursuits, over.....	8 per cent
Professiona <sup>l</sup> , other than teaching, over.....	9 per cent
Mechanics; over.....	3 per cent
All others.....	9 per cent

### Locality.

Number of counties in First Normal District.....	44
Number of counties in the district represented.....	40
Number of counties outside of the district represented.....	6
Total number of counties represented.....	46
Number of students from Missouri.....	701
Number of students from other states.....	36
Number from other states pledged to teach in Missouri.....	36
Total number pledged to teach in Missouri.....	739

### Miscellaneous. •

Total enrollment of school.....	842
Number who defray their own expenses.....	59 per cent
Number who have taught before entering.....	41 per cent
Total number who have attended a normal school prior to this session.....	39 per cent
Total number in attendance half the year or more.....	81 per cent
Total number of months taught in public schools before entering Normal.....	4565
Average number of months taught by each student.....	6

### Entered and Graduated.

Total number of different students enrolled.....	9334
Total number of alumni.....	444
Total number of graduates in the Elementary course.....	933
Total number of graduates in all the courses.....	1620

## Counties in the District Represented.

Atchison,	Carroll,	Lewis,	Platte,
Audrain,	Clinton,	Linn,	Randolph.
Andrew,	Daviess,	Montgomery,	Ray,
Adair,	DeKalb,	Monroe,	Ralls,
Boone,	Grundy,	Macon,	St. Charles,
Buchanan,	Gentry,	Marion,	Schuyler,
Chariton,	Holt,	Mercer,	Scotland,
Clark,	Harrison,	Nodaway,	Shelby,
Callaway,	Howard,	Putnam,	Sullivan,
Caldwell,	Knox,	Pike,	Worth.

## Counties Represented That Are Not in the District.

Cass,	Franklin,	Jefferson,	Lawrence,	St. Louis,	St. Clair.
Saline,	Texas.				

## States Represented.

Colorado,	Iowa,	Missouri,	Texas,
Idaho,	Kansas,	Nebraska,	Virginia,
Illinois,	Minnesota,	Ohio,	

## Attendance in Normal Department Since Organization.

## ALUMNI DIRECTORY.

So far as the addresses of our alumni are known or could be readily obtained, they are given. There are still many omissions, and our friends will confer a favor by furnishing any information by means of which our directory may be made more complete in a future catalogue. In almost all cases the home address has been given.

### UNDERGRADUATES FOR 1899—ELEMENTARY CLASS.
