# President's Message

Dear Alumni and Friends:

In my last column, I wrote regarding my plans to learn more about Northeast from those who know it best—students, faculty, staff and YOU, our alumni and friends.

Through this process, I've had the wonderful opportunity to meet many of you at area receptions, Homecoming and other university functions. Others of you accepted my invitation to write or call with your thoughts and suggestions.

Your comments have been OVERWHELMINGLY positive and helpful. Clearly, there is a great sense of pride in the University. You have also provided some wonderful suggestions to improve Northeast. I plan to use this input in our future planning.

Your comments have also shed light on two specific areas of concern. I thought I might take this opportunity to address these issues.

**Concern: Northeast is not serving the local area because of its high admission standards.**

It's true, University admission standards have been raised over the past few years to meet the requirements of our state-wide mission as Missouri's Public Liberal Arts and Sciences University. Northeast's AVERAGE student has an ACT test score of approximately 26 and a high school grade point average of 3.4 on a 4.0 scale. Let me emphasize that these are average scores and not the minimum requirements for admission. For instance, our ACT individual scores range from 19 to 36. Students are also evaluated on their high school leadership activities.

This improvement in standards does have an impact on qualified local students, many of whom are finding their way to Northeast Missouri State University. Northeast HAS ENROLLED 53 PERCENT of Adair county high school students who are attending public universities and colleges. When you consider many young people prefer to attend school away from home, that is a significant number. What is also significant is that really able residents of Northeast Missouri are able to get a superior education without leaving the state or even the region. Many local residents have expressed appreciation of that fact.

**Concern: The Master of Arts in Education degree should be eliminated and the Bachelor of Science in Education degree reinstated.**

Without question, Northeast has a long and distinguished history in the field of teacher training. There is a tremendous number of outstanding teachers in Missouri and throughout the country who have degrees from this university. Our teaching graduates were well prepared for their profession, however, we feel that the MAE degree is the best course of action we can offer to prepare teachers for the challenges in the next century and beyond.

The MAE is designed to give more intensive training in the subject area, as well as greater attention to the education component. This is necessary because the amount of knowledge in most disciplines has doubled in the past 10 years and learning it requires much more time.

Though the program is in its infancy, it is a degree that has been endorsed by our students (more than 60 are enrolled for next year) and by the Holmes Group, a national consortium of university leaders seeking to reform teacher-preparation programs. We do not claim that it is the only way to prepare teachers but should be an option available to students within the state. It is well thought of nationwide and many states have required it.

We are excited about the program and feel it is in keeping with Northeast's fine tradition of teacher preparation.

Though there may be some disagreement among our many constituencies, I believe we are all proud of Northeast Missouri State University. I look forward to learning more from you as we work together to make Northeast an even better university.

Sincerely yours,

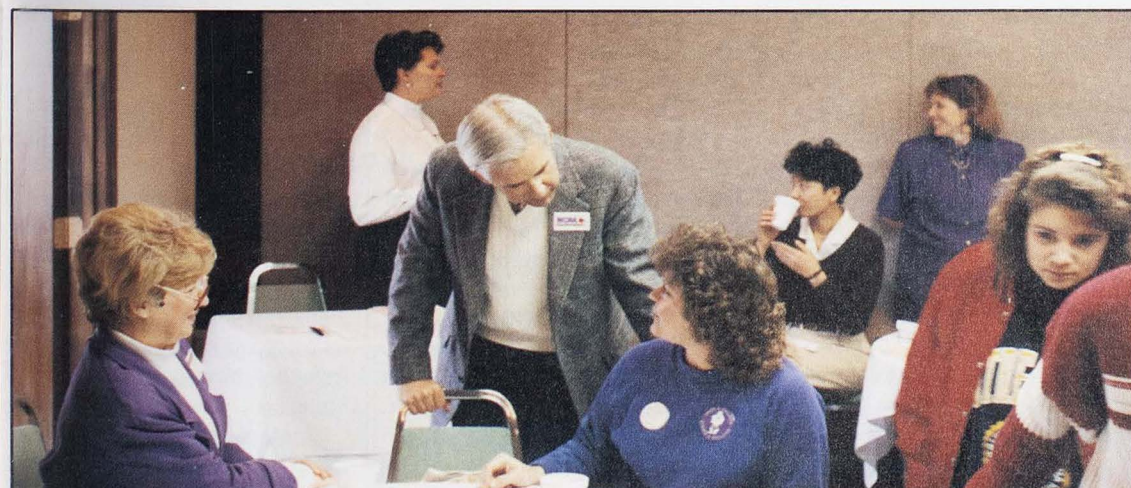

Russell G. Warren  
President

P.S. I'm very encouraged by the tremendous number of contributors to the 1990 Development Fund Campaign. More than 6,500 alumni and friends, a record number of contributors, are listed in the 1990 President's List which is included with this magazine. Thank you for your tremendous support of Northeast.

**Warren on the Road** In an effort to meet Northeast's 36,000 plus alumni and friends, President Warren has attended receptions in Kirksville; Ottumwa, Iowa; St. Louis; Kansas City; Columbia, Mo.; Pittsburg, Kan.; and Quincy, Ill.

## In the News again

 Northeast was featured in the *U.S. News and World Report* 1991 college guide, *America's Best Colleges*. The University was ranked 13th among the top regional colleges and universities in the Midwest. This was the third time in four years that Northeast was included in the annual listing.

Rankings were based on statistical data provided by the institutions combined with a *U.S. News* reputational survey. The statistical data included selectivity of the student body; the degree to which the school financially supports a high quality, full-time faculty; overall financial resources; and the level of student satisfaction.

**Selectivity** was based in part on the 1989 entering freshman class:

- ▶ percentage of applicants who were accepted
- ▶ percent of those accepted who actually enrolled
- ▶ high school class standings
- ▶ average combined scores on either the Scholastic Aptitude Test or the composite American College Testing Assessment

**Faculty resources** were

- measured by:
- ▶ ratio of full-time students to full-time faculty
  - ▶ percentage of full-time faculty with doctorates
  - ▶ percentage of faculty with part-time status
  - ▶ average salary, including all fringe benefits, for tenured full professors

**Strength of financial resources** was determined by dividing the school's total educational and general expenditures for 1989, by total enrollment.

**Student satisfaction** was measured by the average percentage of the 1982 to 1984 freshman classes who graduated within five years of the date they enrolled.

According to *U.S. News*, a record 60.1 percent of the 4,131 college presidents, deans and admissions directors contacted completed questionnaires.

## Nursing 100%

 NMSU's Division of Nursing was notified that the University's May 1990 graduates who took the National Council Licensure Examination (NCLEX) for Registered Nurses achieved a 100 percent passage rate, plus Northeast had a 100 percent placement rate.

Twenty-seven graduates took the test and became the second group in four years from Northeast to achieve the 100 percent passing rate on the nursing boards.

NCLEX Summary Profiles reported that Northeast ranked first among 1,407 RN programs and 460 baccalaureate RN programs that participated in this examination. Board jurisdiction includes all graduates from programs in the United States, Guam, American Samoa, Virgin Islands and the Commonwealth of the Northern Mariana Islands, who took the NCLEX for the first time.

## Give Ireland back to the Irish

 The Northeast Forensics Team recently debated a team from Great Britain on "The House Would Give Ireland Back to the Irish" (phrased in British parliamentary style.) Northeast was represented by senior political science major Erik Hansen and junior pre-law/history major Scott Smith. Hansen and Smith are the 1989 Missouri State Champions in Debate.

The team from Great Britain was composed of Andrew McKie of the University of Glasgow and Judith Barnes of Oxford University. Barnes has twice represented Oxford on North American tours.

The Northeast debate was one of more than 25 American competitions for the Great Britain team. This is the second international debate for Northeast. Last spring, a team from Japan debated Northeast on U.S.-Japan trade policies.

## Northeast united

 Northeast, again, set a new United Way campaign record and broke the campus goal of \$29,000. Under the direction of Robert Stephens and Paula McCartney of the Industrial Science Division, students, faculty and staff raised more than \$30,000 to support the Adair County United Way Drive.

## Moulder named to Board of Governors

 James E. (Bud) Moulder of St. Louis, chairman emeritus for Booker Associates Inc., was named to the Northeast Missouri State

University Board of Governors by Gov. John Ashcroft in November. Moulder replaces Frederick Lauer of Raytown, Mo., whose term expired.

Moulder entered the consulting engineering practice in 1956 with Smith and Gillespie Engineers in Jacksonville, Fla. He joined Booker in 1961 and was named vice president and elected to the board of directors in 1963.

Moulder advanced through the company and became executive vice president in 1966, president in 1977, chairman of the board in 1977 and chief executive officer in 1980. He currently serves as a senior consultant to the chairman and chief executive officer and remains a member of the board of directors.

He served in the U.S. Marine Corps following graduation from Camdenton (Mo.) High School. He also served two years in the U.S. Army during the Korean conflict. Moulder holds bachelor's and master's degrees in civil engineering from the University of Missouri-Columbia.

Moulder previously served on the Missouri Coordinating Board for Higher Education from 1978-82.

## Board approves division closings

Northeast's Board of Governors approved a resolution recommended by President Russell Warren to close the Divisions of Family Sciences and Industrial Science at the Board's Dec. 15 meeting.

According to Dr. Warren, a phase-out of the programs will take place over the next two to three years. The University will assist all students who are currently enrolled in the programs to complete their degree coursework.

"We are fortunate that the faculty of these disciplines are very well qualified in other areas and a number of them will be assigned to other academic and administrative areas of the University. Some were retiring and several plan to return to graduate school," Dr. Warren said. "We will assist non-tenured faculty in acquiring productive positions at other universities in any way possible."

Degrees that will no longer be offered include Bachelor of Arts and Bachelor of Science in family sciences and Bachelor of Science in industrial science.

The action is consistent with recent calls from Gov. Ashcroft, the General Assembly and the Coordinating Board of Higher Education for state universities to refine their missions and focus their resources.

At the fifth Annual Governor's Conference on Higher Education, Dec. 6, Gov. John Ashcroft urged colleges and universities to establish priorities, to make difficult choices and to use their resources wisely.

"... institutions should reflect regularly on their true mission, make the difficult choices necessary to affirm essential priorities and to resist institutional inflation or 'program creep,' and whenever necessary pare back overgrown, weak or obsolete programs," Ashcroft said.

"It is our intention to ensure that by eliminating these programs we do not harm local business and local needs," Dr. Warren said.

According to Dr. Warren, the University hopes to expand continuing education offerings in these areas and to study the community's needs in an effort to establish the needed course offerings.

## Magruder named vice president

President Russell Warren announced that **Jack Magruder ('57)**, acting dean of instruction, has been permanently appointed to the

position with a title change to vice president for academic affairs. Magruder was named acting dean when Darrell Krueger, former vice president for academic affairs and dean of instruction, accepted the presidency of Winona (Minn.) State University.

Magruder's appointment followed consultation with academic division heads and faculty.

Magruder earned his master's from the University of Northern Iowa and his doctorate from the University of Northern Colorado. He joined the Northeast faculty in 1964 and became head of the Division of Science in 1986.

Warren also announced the appointment of **R. Russell Harrison ('55)**, director of public services and governmental relations, to acting director of public relations. Harrison joined the University in 1955 and has served as director of publicity and director of alumni activities.

NMSU Business Manager **Jim Nevins ('57)** has assumed Harrison's duties as director of the Student Union Building.

## Classical GPAs

Northeast's 15 social fraternities exceeded the all-men's undergraduate grade point average for the spring 1990 term. The fraternities achieved a 2.72 grade point average to outscore the all-men's average of 2.70. The Greek men's average has matched the all-men's average twice before, but the spring term marked the first time they have exceeded the average.

The five social Panhellenic sororities also achieved academic excellence by matching the all-women's GPA of 2.90. The Greek women have met or exceeded the all-women's average for the past seven semesters.

## Northeast awarded FISPE grant

Northeast has received a \$201,190 grant from the United States Department of Education to improve academic advising.

The three-year grant, from the Fund for the Improvement of Post Secondary Education (FIPSE), will support intensive study, planning and evaluation of advising.

"FIPSE is a highly competitive program that supports model projects. Only 60 new grants were made nation-wide this year. We are honored to have been chosen to participate and excited about the opportunities this excellent program offers," President Russell Warren said.

Dr. Alanna Preussner, of the Division of Language and Literature, is director of the project. According to Preussner, a team of faculty members, staff and student researchers will do an intensive study of advising during the first year of the project. First-year funding of \$85,950 will support campus-wide research.

The second and third years of the project will focus on specific plans to improve advising, including a campus-wide conference, workshops within academic divisions and

choice of master advisers. FIPSE will support 100 percent of budgeted costs.

"FIPSE was impressed by the fact that our project will cover the entire campus community—students and faculty, professional and para-professional advisers," Preussner said.

## Five-Year Plan evaluated

A seven-member team visited Northeast in October to evaluate the University's progress in the implementation of its liberal arts and sciences mission. According to Jack Magruder, vice president for academic affairs, the review was to measure the University's strengths and weaknesses prior to an evaluation by the Missouri Coordinating Board for Higher Education in 1992-93.

The team consisted of John Harris (chairman), assistant to the provost at Samford University (Ala.); Anthony Caprio, provost and dean of academic affairs at Oglethorpe University (Ga.); Rose Hamm, professor of mathematics and director of the Honors College at the College of Charleston (S.C.); Margaret Lucas, dean of the College of Creative Arts at West Virginia University; Kathryn Mohrman, dean of undergraduate studies at the University of Maryland; Joseph Sutton, former executive director of the Alabama Commission on Higher Education; and Ann Weber, associate professor of psychology at the University of North Carolina-Asheville.

Each of the team members interviewed a cross-section of students, faculty and staff on five specific areas: mission/program array and structure, student experience, learning process, general education core and faculty. They also did extensive reading on the University.

Prior to their departure the team presented a brief exit report, which President Russell Warren called "very positive." The team's written report will be reviewed and discussed by the Board of Governors, faculty and staff.

## Phase 1 nears completion

 Pickler's new addition is open for public use as Phase 1 of the library's addition and renovation nears completion. The library's contents are being moved into the new section so that renovation of the old library can begin.

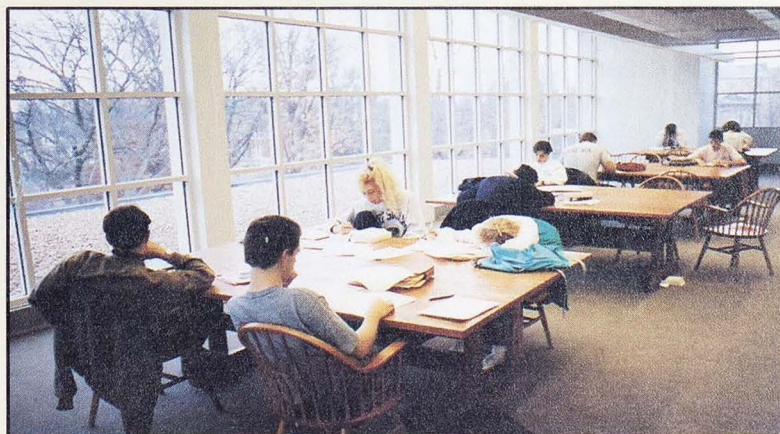

*Pickler's new addition started with the demolition of Laughlin Hall. Then-president Dr. Charles McClain presided over ground-breaking ceremonies and construction began.*

George Harrie

George Hartle

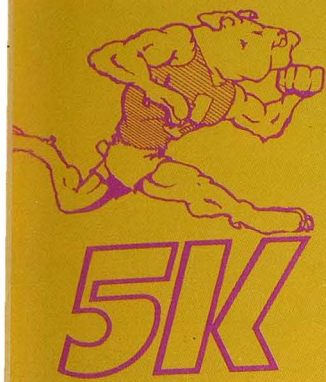

Finishing touches are still being done, but for all basic purposes the new addition is now home to current library contents. The old portion of the library will undergo extensive renovation when Phase 2 begins later this year.

## THE MIDDLE EAST

**Mary Flaspohler DeCarlo ('82)** and her husband, John, are living in Washington, D.C., after fleeing Baghdad in late August. The DeCarlos were both working at the American Embassy in Baghdad when Iraq invaded Kuwait and held Americans hostage in the Middle East.

The DeCarlos attempted to leave Baghdad Aug. 15 but were detained at the airport. They were released Aug. 20 and allowed to travel 14 hours by car to the Jordanian border. The DeCarlos and 15 other Americans were flown from Amman, Jordan, to the United States. They appeared with their fellow hostages on the NBC Today Show, Aug. 22.

Before Baghdad, DeCarlo was the residential security coordinator with the American Embassy in Cairo. Her husband is a diplomat with the U.S. Embassy in Washington, D.C.

## GREELEY, COLO.

**Kelly Jo Scantlin-Smith ('84)** was named the Colorado Business and Professional Women's Outstanding Young Careerist for 1990 during the CBPW state conference. Scantlin-Smith, head of the speech and drama department at La Junta High School, competed for the award against women chosen from local chapters representing eight Colorado districts.

Competitors are women between the ages of 21-35, employed or professional, who demonstrate outstanding scholarship, perform community service, are continuing their education and support the BPW. Scantlin-Smith underwent a three-phase competition comprising a presentation or speech, a roundtable discussion with other competitors and a personal interview.

In addition to her teaching duties, Scantlin-Smith is active in the La Junta Children's Theater and Picketwire Players, a community theater group. She has also authored a one-act play, a children's book and has had poetry published in *Chinook*, the Otero Junior College literary arts journal.

## CHICAGO

**Robert McCullough II ('61)**, D.O., was re-elected vice speaker of the American Osteopathic Association (AOA) during the recent meeting of the AOA House of Delegates held in Chicago. McCullough, a graduate of the University of Health Sciences, College of Osteopathic

Medicine in Kansas City, Mo., practices oncology in Tulsa, Okla. The AOA comprises a membership of more than 29,000 osteopathic physicians nationwide and is the accrediting agency for osteopathic hospitals and colleges.

In addition to his AOA leadership role, McCullough serves on the board of trustees of Oklahoma Osteopathic Hospital and is a member of the Oklahoma Osteopathic Association. He is on the advisory council of the College of Osteopathic Medicine of Oklahoma State University, a member of the Tulsa City-County Board of Health and a member of the board of trustees for Blue Cross/Blue Shield of Oklahoma. Nationally, he is a member of the American College of Osteopathic Internists and the American Society of Clinical Oncology. He also serves on the board of editors for *Patient Care* magazine.

## NORMAL, ILL.

**Gary McKiddy ('70)** has received the Helen M. Cavanagh Award for Best Dissertation for the Doctor of Arts Degree from Illinois State University-Normal. His dissertation, "Arabs of the Modern Near East: A Primer for Teachers," earned McKiddy both his doctorate and a \$500 cash award. McKiddy also holds a bachelor's degree in political science and a master's in history from Northeast.

## BOSTON

**Gracia Roemer ('84)** is an editor and author of training materials for the Caption Center at WGBH television, a PBS affiliate in Boston. The Center produces closed-caption copy of television broadcasts for the hearing impaired.

Roemer joined the television station in 1986 when Boston became the first U.S. city to provide real-time, closed-caption service of local news. Roemer has also provided closed-caption copy for the ABC affiliate, WCVB television, in Needham, Mass.

## NEW ORLEANS

**Donald Pekarek ('66)** has been appointed vice chancellor for university relations at the University of New Orleans. In his new position, Pekarek will oversee alumni affairs, development, design and reproduction, intercollegiate athletics, public information, university

police, WWNO radio and coordination of all UNO public events and public relations. Pekarek joined the UNO faculty in 1967 as an instructor in education and an educational

psychologist. He served as director of the Special Education Center and was appointed assistant to the chancellor for governmental and public affairs in 1986.

## NEW YORK

**Talley Hohlfeld Terdoslavich ('82)** is the new copy editor of *McCall's* magazine. *McCall's* is a monthly women's magazine with a total circulation of more than 5 million.

Terdoslavich moved to New York City following graduation from Northeast and began working as a communications assistant for CBS Publications' Communications Department. Since then, she has served as assistant editor in the Regionals Department for *Good Housekeeping*, copy editor for *Good Food* magazine and copy editor and managing editor of *Psychology Today*.

## HERSHEY, PENN.

**Tom Hackworth ('90)** of Liberty, Mo., was honored during the Religious Heritage of America's 40th Annual National Awards Program in Hershey, Penn., Oct. 26-28. Hackworth was one of ten youth leaders nationwide selected for a Youth Leader Award, presented to individuals for their outstanding service and commitment to their church, school and community and who demonstrate in their daily lives the principles of honesty, integrity and religious values.

Religious Heritage of America, founded in 1951, is an interfaith association which seeks to establish role models by recognizing men, women and youth who daily apply their faith.

## CHARLOTTESVILLE, VA.

**Jerry R. Moore ('56)**, Ph.D., was given the 1990 Virginia Council for the Social Studies Friend of Education Award. Moore is director of teacher education and an associate professor of education at the University of Virginia's Curry School of Education. He was honored for

his dedication to the teaching profession and his contributions to social studies education at the 26th annual meeting of Virginia Social Studies Educators.

Moore, who joined the University of Virginia faculty in 1969, has been active in social studies education for more than 20 years. He started and directed the Taft Summer Seminar for Teachers and the Center for Economic Education, and served as chair of the department of curriculum and instruction.

He is an advisor for Presidential Classroom, a federally supported program that brings high school students from across the nation to Washington, D.C., to see how Congress works. He has written and edited a wide range of articles and books in the social studies, including research on voting, foreign relations, economics and energy policy. Moore has also been active in the Holmes Group, a national consortium of university leaders seeking to reform teacher-preparation programs.

## WASHINGTON, D.C.

**Raymond Taylor ('70)** has been named executive director of the Association of Community College Trustees (ACCT), following a national search by the ACCT board of directors. ACCT is a non-profit educational organization of governing boards of public and private community, technical and junior colleges. ACCT membership includes the governing boards of 85 percent of all public two-year colleges in the United States, a total of more than 5,000 trustees.

Before his appointment as executive director, Taylor served as vice chancellor for institutional development for the St. Louis Community College District. As vice chancellor, he provided district-wide leadership in support of instructional and student development at the district's three institutions. He also directed resource development, international education, vocational education, new program development and government relations for the district.

Taylor is also vice president of the National Council for Resource Development. He served on the National Two-Year College Advisory Committee of the Council for the Advancement and Support of Education from 1983-86. Prior to his position with the St. Louis Community College District, Taylor was executive director for development and governmental relations for Eastern Iowa Community College District in Davenport, Iowa.

**Capt. Thomas Palmatier ('77)** and **Staff Sgt. Lori Larson ('80)** collaborated in a concert Dec. 1 at the John F. Kennedy Center for the Performing Arts. Palmatier performed as director of the United States Army Brass Band and Larson as a contralto soloist with the United States Army Chorale.

In addition to directing the Army Brass Band, Palmatier also directs the Army Ceremonial Band and the Army Herald Trumpets and serves as the associate bandmaster of the U.S. Army Band. As such, he regularly conducts performances at the White House and other important venues in the nation's capital and across the country.

As a member of the Army Chorale, Larson frequently performs for the President

and Vice President of the United States as well as many other dignitaries.

## JEFFERSON CITY, MO.

**Bryan H. Goeke ('75)** has been promoted to superintendent of the Renz Correctional Center, a minimum security facility housing male inmates, in Cedar City, Mo.

Renz is located three miles north of Jefferson City, Mo., on a state-owned, 1000 acre tract. The institution provides a broad range of work and educational opportunities for its 315 inmates.

## KANSAS CITY, MO

**Larry A. Lunsford ('81)** was co-chairman of the 1990 Spirit Festival held on Labor Day weekend, Aug. 31-Sept. 2, at Barney Allis Plaza in Kansas City, Mo. The Spirit Festival, a family oriented event, which attracted over 275,000 people, featured a variety of music stages including gospel, jazz, blues, reggae, country and rock.

The main stage line-up included Bachman Turner Overdrive, Bo Diddley, Steel Pulse, Santana, Mississippi Mass Choir, the Desert Rose Band and Vince Gill. The festival also offered a children's area, a comedy stage, a sports hall featuring personnel and exhibits from local sporting groups, and fireworks.

As co-chairman, Lunsford led a 21-member volunteer board of directors which coordinated the festival. Last year, he served on the board as a finance committee chair. Next year, he will serve on the festival's advisory council.

Lunsford, who received a master's in accountancy from NMSU in 1983, is controller at Bernstein-Rein Advertising, Inc. Prior to joining Bernstein-Rein, he was manager of the Entrepreneurial Services Group at Ernst & Young in Kansas City.

## LOUISIANA, MO.

**Philip G. Smith ('68)** succeeded in the November elections in his bid for the 16th District seat in the Missouri House of Representatives. Smith defeated incumbent W.O. (Bob) Howard in the democratic primary in August and the republican contender, Roger Moran, in the general election.

Smith, an attorney in Louisiana, joins five other Northeast alumni in the Missouri General Assembly.

## OBITUARIES

**Dr. Humberto L. Alvarez, 79**, died September 18, 1990, in Riverside, Calif. He was born in Peru and had been a resident of Riverside for 13 years. Alvarez had taught Spanish and Latin American literature at NMSU. He is survived by his wife, Gilda of Riverside; five daughters, Bertha, Dora and Gladys, all of Peru, Gilda of Arlington, Texas, and Florcita of Glendale, Calif.; a stepson, Sergio Rubio of Riverside; 13 grandchildren; and two great-grandchildren.

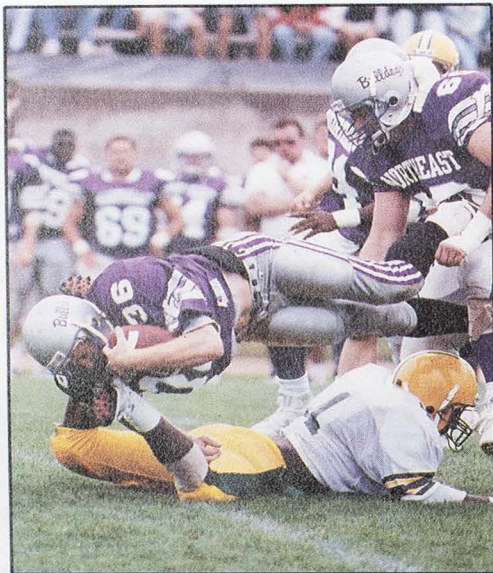

The family has established a memorial fund for Dr. Alvarez through the NMSU Development Fund.

**Thomas E. Churchwell ('56)**, 65, of Kirksville, died October 5, 1990, in Grim-Smith Hospital, Kirksville. He was married to Helen E. Runyon who preceded him in death on June 21, 1990. Surviving are a son, **Eric Churchwell ('89)** of New Madrid, Mo.; a daughter, Ann Buckwalter of Kirksville; a brother, **Ned L. Churchwell ('51)** of Shelbyville, Mo.; and a sister, Deloris Noonan of Ft. Worth, Texas.

Churchwell received a master's in history from NMSU in 1959. From 1956 to 1970 he taught history at the Keokuk (Iowa) Junior High School. He then became Assistant Dean of Instruction at NMSU, a position he held until the time of his death. During World War II, he served with the United States Army and was recalled for the Korean War. He was active in the American Diabetes Association, a member of the Kirksville Kiwanis Club and Phi Sigma Epsilon fraternity at NMSU. Burial was in the Shelby Memorial Cemetery in Shelbyville.

Editor's note: The Summer 1990 issue of the *Northeast Review* incorrectly stated that Dr. Robert M. Wright was the assistant director of testing and counseling at NMSU. He was the director of testing and counseling at NMSU.

# BULLDOG FALL ROUNDUP

Sophomore running back Chad Guthrie plunges over the line for a first down against Missouri Southern.

## FOOTBALL Bulldog Football was a Cinderella story in 1990

This past football season, the NMSU Bulldogs played the role of Cinderella, facing adversity much like the heroine of the fairy tale.

They entered the campaign knowing they were ineligible for the Missouri Intercollegiate Athletic Association title because the conference penalized NMSU last spring for violations of MIAA and NCAA rules.

Futhermore, new head coach **Eric Holm's ('80)** men were picked to finish eighth in the preseason poll of league coaches.

They started the campaign in shaky fashion on the road, absorbing a 64-30 thrashing at the hands of defending MIAA champion Pittsburg State (Kan.). The 'Dogs bounced back the next three weekends to record victories. But tragedy struck the players while notching their third straight win on Saturday, Sept. 22. Junior outside linebacker Derringer Cade collapsed on the sidelines in the fourth quarter of the

NMSU-Southwest Baptist game and died that evening in a Bolivar Hospital.

An autopsy report revealed the cause of death was idiopathic hypertrophic cardiomyopathy, an uncommon heart disease, characterized by thickened muscle walls of the heart.

Cade's death sent shock waves through the campus and Kirksville community. However, the team decided to play the Sept. 29th scheduled home game against Missouri Southern and responded with a convincing 25-3 victory.

Then, on Saturday, Oct. 6, the Cinderella story really took shape. The 'Dogs traveled to Columbus, Ohio to wage battle with Central State (Ohio), ranked second in the nation in NAIA Division I.

In a dramatic come-from-behind effort, the 'Dogs edged the Marauders, 43-42, erasing a two-touchdown deficit in the final 3:36 of the game. The winning score came on a nine-yard aerial from senior quarterback Jeff Frost (St. Peters, Mo.-Fort Zumwalt) to sophomore split end Marcus McCoy (Chicago, Ill.-DeLaSalle) with only 19 seconds left to play and a two-point conversion on a pass from Frost to senior split end Benny Pardue (Waynesville, Mo.).

Frost completed 29 of 46 passes for 354 yards and four TDs. He was named the Don Hansen *Football Gazette* NCAA Division II National Offensive Player of the Week for his performance against CSU, which later won the 1990 NAIA Division I Championship. Northeast was the only team to beat the Marauders last fall.

Upsetting the highly regarded Marauders was a confidence-builder for the 'Dogs. They reeled off four more wins to finish the regular campaign with a 9-1 mark, the first time since 1982 they had captured nine victories in a single season. They were only the fifth NMSU aggregation to achieve that feat. After the loss to PSU in the opener, they rolled up nine straight triumphs for the first time since 1933.

The 'Dogs climbed to ninth in the final NCAA Division II national poll and received a bid to the Division II playoffs. Their first-round opponent Nov. 17 was PSU, the only team to beat them in 1990.

The rematch was played again on the Gorillas' home turf, and the results were much the same, as the third-ranked Division II team smothered the 'Dogs, 59-3. Northeast scored first on a 37-yard field goal by junior kicker Scott Bresaw. However, PSU amassed 38 points in the final 20 minutes of the first half to take a comfortable 38-3 advantage to the locker room at intermission. The Gorillas advanced to the Division II semifinals before being eliminated by North Dakota State.

"We didn't play our best (in the playoff game), and we hated to lose in that manner," said Holm. "But we'll try to grab the fact it was still a good season."

At the end of the campaign, Frost was one of nine finalists for the Harlon Hill Trophy, which goes annually to the Division II Player of the Year. He was also named as the 1990 MIAA Offensive Player of the Year after erasing six school career records. Holm was chosen for conference co-Coach of the Year accolades and Regional Coach of the Year.

Other NMSU players receiving all-league recognition included the kicker, Bresaw, sophomore tight end Fontaine Walker (Rock Island, Ill.), junior offensive lineman Owen Doak (Rock Island, Ill.-Alleman) and senior defensive lineman Chris Cannon (St. Louis-Riverview Gardens), first team.

Bulldog second-team picks were junior wide receiver Randy Corbin (Richton Park, Ill.-Rich South), sophomore running back Chad Guthrie (Newton, Iowa) and senior defensive lineman Kipp Chillag (Glendale, Ariz.-Washington).

Third-team selections were junior offensive lineman Dave Quentin (Cedar Rapids, Iowa), senior defensive outside linebacker Lynn Mergen (Grinnell, Iowa), senior defensive back Greg Rideout (Rockford, Ill.-Auburn) and senior defensive back Dan Clevidence (Galesburg, Ill.).

Northeast players on the MIAA honorable mention list included sophomore running back Walter Jones (Delray Beach, Fla.-Atlantic), senior defensive back Bill Strickler (Edina-Knox County) and freshman defensive outside linebacker Robbie Flanagan (Plano, Texas-Senior).

Holm loses 12 key performers from the 1990 squad. But 36 other lettermen are scheduled to return in 1991 for what the 'Dogs and their boosters hope is a repeat performance of last fall with a happier ending.

# 1990 Bulldog Football: Triumph and Tragedy

## *Holm selected Kodak Region 4 Coach of the Year*

**Eric Holm ('80)**, first-year head football coach at NMSU, has been selected as Kodak Region 4 Coach of the Year for the College Division I.

The regional winners, selected by the American Football

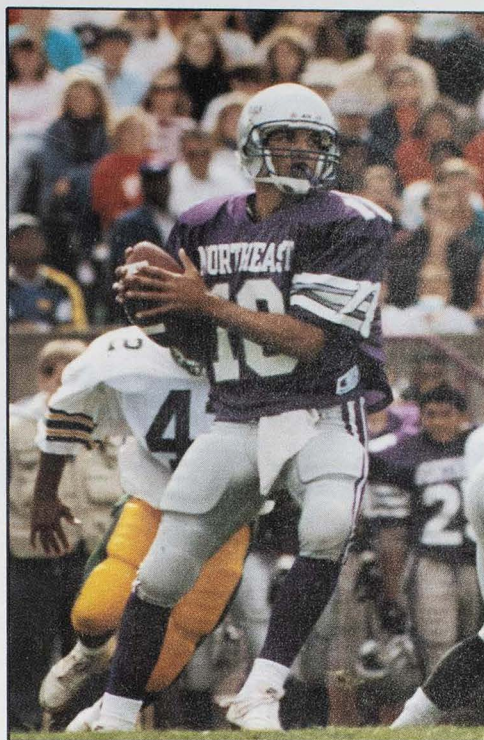

Coaches Association (AFCA), form the pool of leading candidates for the national Kodak Coach of the Year. College Division I is comprised of NCAA Division II and NAIA Division I schools. The national Kodak Coach of the Year was to be announced in January.

Holm, a former Bulldog football all-American and assistant coach, took over the reins in January, 1990. Before returning to NMSU, Holm was offensive coordinator at Eastern Illinois, which advanced to the quarterfinals of the NCAA Division I-AA playoffs in 1989.

Holm began his coaching career in 1980 as an NMSU graduate assistant and three years later, became a full-time assistant coach for the 'Dogs. In 1985, while he was receiver-quarterback coach, NMSU led Division II in total offense, passing offense and broke or tied 24 school and conference records and nine Division II marks. Holm served as offensive coordinator at NMSU from 1986-88, before resigning to join the EIU staff.

As a Bulldog player in 1980, Holm hauled in 74 passes, a single-season school record until 1986. He shares the NMSU and MIAA record for most touchdown catches in a single game, four. Holm was named to the Associated Press Little All-America second team and was a unanimous choice for the all-MIAA team in 1980.

Holm and his wife, Penny, have a son, Jeremiah, a daughter, Erin Denise, and became parents of a new son, Evan Bruce, in early December.

## *Frost finalist for Player of the Year*

Senior quarterback Jeff Frost was one of nine finalists for the 1990 Harlon Hill Trophy, which is presented to the NCAA Division II Football Player of the Year.

A field of 31 nominees for the Harlon Hill Trophy, including Frost, was narrowed to nine in balloting by college sports information directors from four NCAA Division II regions. However, in the final balloting, quarterback Chris Simdorn of North Dakota State was named the recipient of the 1990 award.

During the regular 1990 season, Frost erased six school career records, including passing yardage, 6,529; touchdown passes, 50; passes completed, 484; most passes attempted, 1,022; total offense, 6,504 yards; and offensive plays, 1,163.

As a senior, he completed 172 of 310 passes for 2,295 yards and 21 touchdowns.

Frost was named Don Hansen's *Football Gazette* National Offensive Player of the Week after leading the Bulldogs to a 43-42 win Oct. 6 over Central State (Ohio), then ranked second in NAIA Division I.

## *Cade leaves impact*

On Sept. 22, the NMSU campus community lost a special young man. Derringer Cade, a junior outside linebacker, collapsed on the field at the NMSU-Southwest Baptist University football game. He was rushed to a hospital in Bolivar where he died later that evening.

An autopsy report revealed the cause was idiopathic hypertrophic cardiomyopathy, an uncommon heart disease, characterized by thickened muscle walls of the heart.

A year ago, a serious knee injury threatened to end Cade's football career. He underwent major surgery, and few people believed he would be physically ready to play when the 1990 season started.

But perhaps, the quality of self-discipline through his military upbringing (his father is a command sergeant major in the Army) provided him with the spirit and perseverance he needed to battle back from the knee injury.

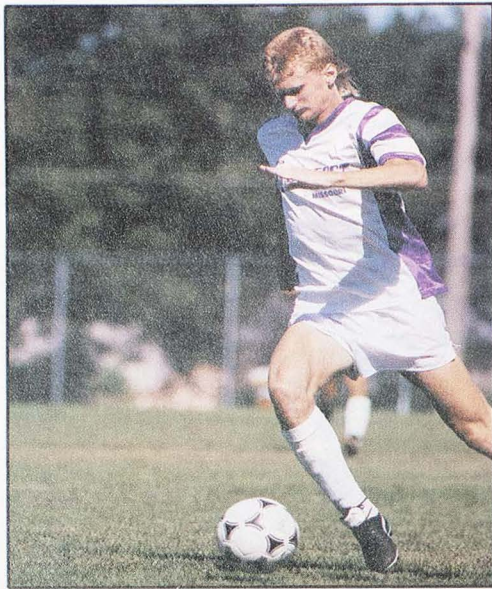

Cade beat the odds and through hard work was ready to play on opening night for the 1990 season.

After the first four games, Cade was the second-leading tackler on the Bulldogs' team. He was playing his best game of the season at Southwest Baptist according to Bulldog head coach Eric Holm and defensive coordinator Gregg Nesbitt. Cade was credited with eight total tackles, including two and one half quarterback sacks and another tackle for a loss.

"It was a miracle that he was ready to play after major surgery, but he loved to play," said Holm.

Junior linebacker Andy Posey epitomized the feelings of Cade's teammates when he said, "He was a close friend and always there if you needed him. Derringer was a great guy with a great personality. He enjoyed football and being with his friends. I think there'll always be a piece of him with me."

President Russell Warren said at a memorial service at the Kirksville First Baptist Church, "Derringer Cade leaves us with a great model, setting a great example."

Midfielder Corey Waters moves the ball up the field for Northeast.

**MEN'S SOCCER** It was a season of highlights for the 1990 NMSU men's soccer team. Posting a 13-4-1 record and earning 10th place in the final Division II national rankings, the Bulldogs topped off the best season in school history with a berth in the NCAA Division II national tournament.

But the season of highlights was overshadowed by the final game, the tournament matchup between the 'Dogs and the Pioneers of Oakland University (Mich.) on Nov. 11.

Despite freezing temperatures and snow in Michigan, the Bulldogs battled to a 1-1 overtime deadlock with Oakland. The 'Dogs trailed at halftime, but senior Pat Rhode (Lantzville, B.C., Canada-Nanaimo) scored with 17 minutes left in regulation time to tie. The 'Dogs and Pioneers then played two 15 minute overtime periods, after which the score was still tied.

A winner was determined to advance to the second round on a 10 penalty kick shootout, with each team taking five shots. NMSU lost, 4-1, in the shootout, with only freshman Dave Roberts (Sydney, Australia-St. Joseph's) converting on the free kicks. Oakland was credited with a team goal for winning the shootout, giving the Pioneers the win and a berth in the second round, where they lost to Gannon (Pa.), 2-1.

This was the fifth-consecutive winning season for the 'Dogs, as they finished the year with a .722 winning percentage, surpassing the 14-6-1 finish in 1987.

Head coach Dave Poggi will have some big shoes to fill, with the loss of five seniors, including an all-American and the third-highest scorer in school history.

Rhode, an all-Midwest All-American in 1989, finished his two-year career, along with Brian Taylor (St. Louis-Affton). Taylor finished his career with 31 goals, placing him third on the list of career scorers. Also ending their careers were senior Brian Vahlkamp (Quincy, Ill.-Notre Dame), Corey Waters (Maplewood, Mo.-Lafayette) and Olafur Arnason (Vestmannaeytum, Iceland-Vestmannaeytum).

Junior goalkeeper Stefan Wall (Lincoln, Neb.-Lincoln) had a big year in 1990, as he added to the list of school records he holds. Wall broke both the single season and career records for shut-outs. He had eight shutouts, bringing his career total to 22.

Several other top players will be back in 1991, including the 1990 leading scorer, sophomore forward Matt Presley (Denver, Colo.-J.K. Mullen). Also returning next fall will be junior midfielders Rich Muth (St. Louis, Mo.-CBC) and Jason Hicks (Wichita, Kan.-Northwest), both consistent performers in 1990. The top two freshmen, Mark Lichfield (Benfleet, Essex, England-Southeast Essex) and Roberts, will also add to the core of returners next season.

**WOMEN'S SOCCER** In a year of challenges, the women's soccer team completed its season by winning the Quincy College (Ill.) tournament, Oct. 27-28.

Finishing the 1990 campaign just one game short of .500, with a record of 8-9-1, the Lady 'Dogs were challenged all season by a host of nationally-ranked opponents. Also hindering the team were a host of untimely, key injuries. The Lady 'Dogs performed well, however, climbing as high as 10th in the NCAA Division II national rankings during the fall.

The Lady 'Dogs suffered losses at the hands of some of the top teams in NCAA Division II women's soccer, including Barry (Fla.), last year's national champion, Southern Illinois-Edwardsville and Notre Dame.

But they posted several big triumphs in 1990, including a 2-0 blanking of nationally-ranked Metropolitan State (Colo.) and a 7-2 thrashing of Division I opponent, Louisville.

Three seniors ended their careers in 1990. Senior forwards Christi Phoebus (Palatine, Ill.-Palatine), Shauna Putnam (St. Louis-Webster Groves) and Stacy Erickson (Florissant, Mo.-Hazelwood West) were key players during their careers. Putnam was a three-time all-American Regional selection and was named to the first team in 1989. She holds the single game records for scoring (5 goals), points (10) and shots (14). Putnam wrapped up her season by being

named to the all-tournament team at Quincy College. Erickson was hampered most of the season with a knee injury and saw only limited playing time. She was a second-team All-American Regional selection in 1988 and holds the school record for single game assists (3). Phoebus started 14 games and served as a tri-captain for the 1990 squad.

Several top players will return next fall, giving head coach Alvaro Duran a good outlook for 1991. Sophomore forward Kathy Corson (West Chester, Ohio-Lakota), the 1990 leading scorer, returns, along with sophomore goalkeeper Janet Larson (Urbandale, Iowa-Urbandale). Several promising freshmen will be hoping to improve on their debut season, including Richele Landa (St. Louis-Bishop DuBorg), who was second in team scoring, Susana Mendoza (Bolingbrook, Ill.-Bolingbrook) and Amy Mangles (Washington, Mo.-Washington).

**MEN'S CROSS COUNTRY** For the NMSU men's cross-country team, the 1990 season results brought mixed reviews from Coach Ed Schneider. Overall, Schneider was satisfied with the team's efforts, but he said that there were a few disappointments in the course of the campaign.

Schneider thinks that the season got off to a slow start but ended well. In the season opener at Bradley University, the Bulldogs finished third. Leading the way was junior Rob Jensen (Kearney, Mo.) He was in sixth place overall. Senior Stan Johnson (Elmwood, Ill.) joined Jensen in the top 10, finishing ninth.

Jensen led the Bulldogs again by finishing seventh at the Iowa State Invitational and 32nd at the Notre Dame Invitational. At Notre Dame, the Bulldogs placed 17th in the team standings in the Blue Division which was comprised mostly of NCAA Division I schools.

To round out the season, the Bulldog squad was second in the MIAA Championships and third in the Great Lakes Regional. Jensen again led the Bulldogs in both races, finishing fourth in the MIAA and seventh in the region. Jensen and sophomore Dave Killeen (Oregon, Ill.) were the only Bulldogs to win all-Region honors. Killeen finished in 14th place.

The season ended in disappointment for the 'Dogs. Finishing third in the regional, the squad did not receive a bid to the NCAA Division II Championships. However, Schneider looked on the bright side.

"Maybe that will inspire our athletes to work harder and make nationals next year," he said.

## Fifteen inducted into NMSU Athletic Hall of Fame

Fifteen people were inducted into the NMSU Athletic Hall of Fame during ceremonies Saturday, Sept. 29, 1990. *Front row, left to right:* Mrs. Ruth Evans, representing son Gary Evans ('76); Audrey Post, representing deceased husband Leslie Post ('39); Bill Ausmus ('57); Raymond Elliott ('34); William Lawrence, representing deceased brother Robert Lawrence ('52); Robert Lewis ('49); Edward Bender ('53) *Back row:* William Evans, representing son Gary Evans ('76); Steven Haller representing deceased father Robert Haller ('59); William Stock ('42); David Romberg ('69); Daniel Futrell ('80); Glenn Cafer ('53); David Lintner ('51); Jack Perrin ('60); Jack Hammock ('59).

### WOMEN'S CROSS COUNTRY

With the return of Kerry Knepper (Cascade, Iowa), a senior All-American, and all of the 1989 squad's top seven runners, the 1990 Northeast Missouri State women's cross-country season looked promising. It turned out almost as successful as anticipated.

The Lady Bulldogs opened the season in a dual meet at the University of Iowa. Knepper led the NMSU squad, finishing second. Sophomore Tricia Rogers (Norfolk, Neb.) finished sixth and was the only other Lady Bulldog in the top 10.

Coach John Cochrane's squad also competed at Iowa State University, the University of Notre Dame and the University of Missouri-Rolla. Knepper led the NMSU in all three of the meets. At Missouri-Rolla, the Lady Bulldogs, the Miner Invitational defending champions, were dethroned by the University of Missouri-Columbia and finished second. The Lady Bulldogs finished tenth at Notre Dame.

In both the MIAA Championships and the Great Lakes Regional, the NMSU Lady Bulldogs finished second to Southeast Missouri State University. Knepper, sophomore Christy Rackers (Jefferson City, Mo.) and sophomore Rhonda Ruden (Dubuque, Iowa) won All-MIAA honors. Knepper placed third, Rackers eighth and Ruden 10th in the conference race.

At the regional, Knepper, Rogers, and Rackers won All-Region honors, placing third, 12th and 14th in that race.

Disappointment set in for the women when, despite a second-place finish in the regional team standings and a national rank of 14th in Division II poll, they did not receive a bid to the NCAA Division II National Championships. Knepper, however, did receive an individual bid for the fourth year.

Knepper placed 28th in the Division II Championships. Cochrane said she apparently was suffering from a torn hamstring which occurred 10 days prior to the race. The last time Knepper ran in the championship race, she finished fifth, earning all-American honors in 1988.

Commenting on the 1990 season, Cochrane said, "All in all, it was a good year. The only dampening thing could be the fact that we didn't get a bid (to the NCAA Championships)."

**VOLLEYBALL** The Lady Bulldog volleyball team wrapped up the most successful season in the history of the sport at NMSU with an unprecedented 33-10 overall record and a third-place tie at the MIAA Championships.

Coach Debbie Masten's team, which won three tournaments during the campaign, was the surprise team in the MIAA. In a preseason poll, conference coaches picked the Lady Bulldogs to finish eighth.

Five NMSU players earned some type of all-MIAA honors. Senior setter Nancy

Hoener (Dubuque, Iowa-Senior) landed on the first all-league team, while sophomore middle hitter Anne Moe (Davenport, Iowa-North) and freshmen hitter Satoko Miyamae (Osaka, Japan-Wakayama Shin-Ai) made the second team.

Receiving honorable mention accolades were senior hitter Anne Bloom (DeWitt, Iowa-Central), junior middle hitter Anne Goliday (Centreville, Ill.-East St. Louis-Senior) and junior hitter Shelley Picha (Lyons, Ill.-Morton West).

Miyamae was also chosen the MIAA Freshman of the Year. She was named conference Player of the Week during the season, along with Hoerner and Picha.

"It was a great season for us," Masten said. "The only low spot was injuries, which may have hindered our conference finish."

The Lady Bulldogs will lose a pair of three-year starters in Hoerner and Bloom.

"They're big losses and will be hard to replace," Masten said. "They were strong players and good leaders for me."

Masten indicated she hoped freshman setter-hitter Dawn Ricketts (Ames, Iowa) could replace Hoerner. The coach said she wanted to recruit a replacement for the quick-hitting Bloom.

The Lady Bulldogs will return three juniors, three sophomores and three freshmen for the 1991 campaign, which promises to be a bright one.

## Hall of Fame

*It certainly was a pleasure meeting you and visiting the Northeast Missouri State University campus again. I personally want to thank you for the many hours you must have spent in organizing the Hall of Fame activities. It was definitely well done.*

*Again, many thanks. It was an event that my family and I will cherish forever.*

Sincerely,  
Jack Perrin ('60)  
Grand Junction, Colo.

*Thanks very much for all you did for the Athletic Hall of Fame Induction.*

*It was a great day for me.  
All the Best,  
Dave Romberg ('69)  
Aurora, Colo.*

*My family and I want to thank you, President Warren, Mr. Cable and Mr. Gardner for the wonderful joyous day Sept. 29th. I know Les would have been pleased to receive this recognition and honor from the University.*

Sincerely,  
Audrey Post  
Leawood, Kan.

*Editor's note: Leslie C. Post ('39) was posthumously inducted into the NMSU Athletic Hall of Fame.*

## Welcome

*We look forward to meeting you as the new President of the University. The University has made great strides over the last several years and has a lot of accomplishments to be proud of.*

*We have children who are 11 and 12 years old and we*

*intend to share the beauty of the campus with them as they progress in their education process.*

Best regards,  
Frank A. Davey ('70)  
Cedar Rapids, Iowa

## Black Student Reunion

*I just thought I would drop you a note to let you know how much I enjoyed myself this past weekend at the Black Student Reunion of 1990.*

*The Greek march down was fun and I really enjoyed the Dinner Dance (especially dancing to the 1980s hit records). The perfect ending to the weekend was listening to the Unique Ensemble Choir. Those young people sung beautifully and you did too! The choir has a special place in my heart because it gave me the spiritual encouragement to persevere and get my degree.*

*I look forward to another reunion with anticipation because Northeast Missouri State University helped me obtain some of my life's goals.*

Thank you again!  
Sincerely,  
Monoka Collins-Evans ('80)  
St. Louis

*Editors note: This Letter was sent to Dwayne Smith, director of Minority Services.*

## Alumni Directory

*We wish to congratulate you on the 1990 Alumni Directory. We spend a lot of time looking at it.*

*Makes our chests swell a bit to see Northeast recognized in U.S. News & World Report again.*

James ('49) and Pauline Curry  
Bucklin, Mo.

*Thank you for the most attractive Northeast Missouri State University Alumni Directory, 1990. You have reasons to be proud of this publication.*

Sincerely,  
William F. Hall  
Kirksville

*I have just received a copy of the 1990 Alumni Directory and I am delighted to have it. Thank you!*

Yours sincerely,  
Alfred Humphreys  
Galt, Mo.

*Upon receiving my copy of the Alumni Directory I was surprised to find that the man who was my superintendent of schools and coach at Green City (Mo.) High School is still living. Since I had graduated in 1927, at age 17, I knew he must be closing in on the century mark. I immediately wrote him to say hello, congratulated him on his longevity and wished him continued good health.*

*In the 1990 Summer Northeast Review you have honored him with a Happy 100 years. He was a very good school man who had the respect of the community and the students. He was a sound fundamentalist in his football coaching. We had some real good teams at Green City for a small school.*

*Upon enrolling at then KSTC in the fall of 1927 I had the good fortune to play for another good coach, Don Faurot. I earned my K letter in 1927-28-30 and 31 and my peers honored me by naming me captain of the 1931 Bulldogs.*

So I say HAPPY 100  
WALTER R. HENRY.  
Sincerely,  
Carroll "Cal" Cochran ('36)  
Roswell, N.M.

*I am one of the "lost" alumni of KSTC (that was way back when), Class of 1941.*

*While visiting in Hillsdale, Mich., recently with a life-long friend and classmate, Martha*

*Oberg Phillips (Class of 1940), we were enjoying our reminiscing while going through her directory of 1990 old grads (Alumni Directory). It's a wonderful document and I would love to have a copy.*

*Also, please list me in subsequent publications. I spent 8 years in the Toronto, Canada area, but first chance I had, I returned to Michigan and the terra firma of the good old U.S.A.*

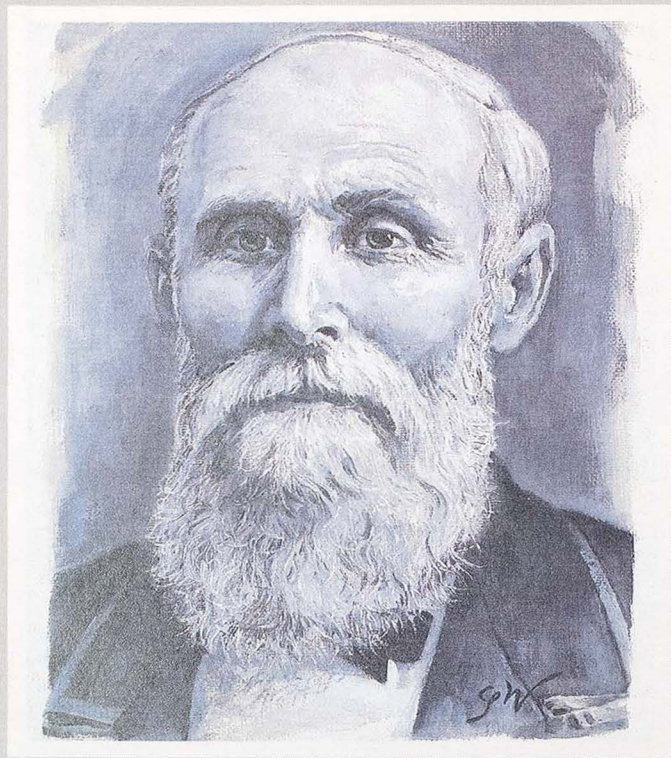

*Tell me if there is any charge for the Directory which I would like to have.*

With much thanks,  
Georgene (Payne) Macso ('41)  
Warren, Mich.

# THE NMSU DEVELOPMENT FUND CORPORATION

**T**HE NMSU DEVELOPMENT FUND WAS ESTABLISHED IN 1980 TO encourage private financial support for Northeast Missouri State University. Gifts received are used to enhance the quality of education and to promote the welfare of the University.

Each year, the importance of private support is magnified as the cost of education increases. Assistance from the state of Missouri has not kept pace with University needs. Although educational costs continue to rise, Northeast Missouri State University takes pride in being able to provide one of the finest liberal arts and sciences educations, at the least expensive cost, in the country.

Generally speaking, money given to the Development Fund forms an endowment. This endowment is invested and the interest earned is allocated to various projects which allows your gifts to work today while remaining available for tomorrow. A small percentage of current gifts is used to offset operational expenses and to fund short-term projects.

Specifically, gifts to the Development Fund provide for the following:

**SCHOLARSHIPS** In 1990 students received more than \$57,000 in private scholarships.

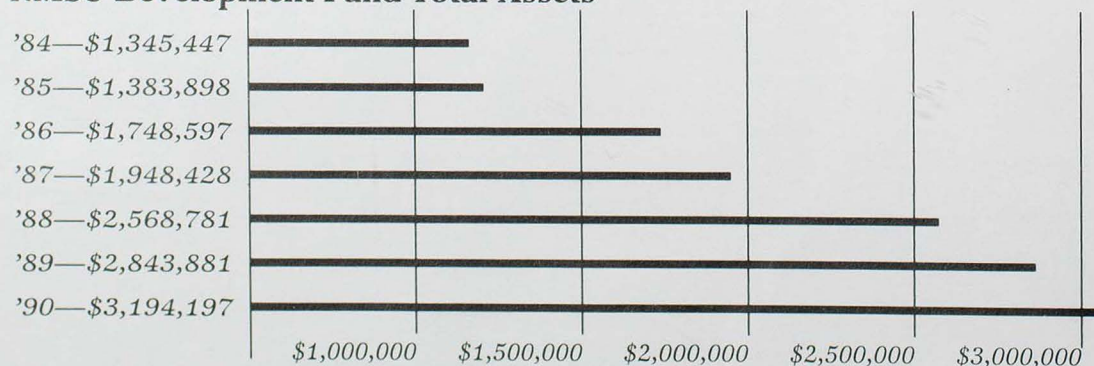

**STUDENT LOAN PROGRAM** Students were awarded nearly \$250,000 in private loans for the past year.

**INSTRUCTIONAL MATERIALS & EQUIPMENT** Funds were available for the purchase of items such as computer hardware and livestock. Often, these assets are given as gifts-in-kind.

**FACULTY SUPPORT** Divisions set aside monies to fund research and other faculty projects.

**ENDOWED CHAIRS** Two funds have been established and are growing toward the \$100,000 minimum balance. Once fully endowed, interest income will be used to supplement the salaries of two faculty members.

# THE JOHN R. KIRK SOCIETY

JOHN R. KIRK WAS THE FIFTH PRESIDENT OF NORTHEAST MISSOURI STATE University. President Kirk was an innovative educator, a national leader for educational excellence and a compelling personality.

In 1981, alumni and friends of Northeast Missouri State University formed a society to honor President Kirk and to perpetuate his commitment to excellence.

The John R. Kirk Society is open to all alumni and friends of the University, exclusive organizations, societies and other groups. In the case of husband and wife, the membership may be joint.

Four levels of membership—*John R. Kirk Society Member*, *John R. Kirk Society Fellow*, *John R. Kirk Society Distinguished Fellow* and *John R. Kirk Society Very Distinguished Fellow*—are available to individuals who agree to meet one or more of the following conditions:

Signify by a pledge the intention to contribute to Northeast Missouri State University

- \$5,000 payable over a five-year period at a rate of not less than \$1,000 a year, in the case of a *Fellow*; \$25,000 payable over a 10-year period at a rate of not less than \$2,500 a year, in the case of a *Distinguished Fellow*; \$50,000 payable over a 10-year period at a rate not less than \$5,000 per year, in the case of a *Very Distinguished Fellow*.

Contribute an outright sum of at least \$300\* (*one-year Member*), \$5,000 (*Fellow*), \$25,000 (*Distinguished Fellow*) or \$50,000 (*Very Distinguished Fellow*) to Northeast Missouri State University.

Signify the intention to provide to Northeast Missouri State University by a bequest, a funded life insurance program, life income contract or other type of deferred gift at least \$5,000 (*Life Member*), \$10,000 (*Fellow*), \$50,000 (*Distinguished Fellow*) or \$100,000 (*Very Distinguished Fellow*).

Four levels of additional membership—*Corporate Member*, *Corporate Fellow*, *Distinguished Corporate Fellow* and *Very Distinguished Corporate Fellow*—are available to corporations, trusts and foundations that agree to meet one or more of the following conditions:

Signify the intention to contribute to Northeast Missouri State University \$10,000 payable over a 10-year period at \$1,000 a year (*Corporate Member*); \$25,000 payable over a 10-year period at \$2,500 a year (*Corporate Fellow*); \$50,000 payable over a 10-year period at \$5,000 a year (*Distinguished Corporate Fellow*); and \$100,000 payable over a 10-year period at \$10,000 a year (*Very Distinguished Corporate Fellow*).

Contribute an outright sum of at least \$10,000 (*Corporate Member*), \$25,000 (*Corporate Fellow*), \$50,000 (*Distinguished Corporate Fellow*) or \$100,000 (*Very Distinguished Corporate Fellow*) to Northeast Missouri State University.

The John R. Kirk Society meets annually on campus.

\* Level of contribution required for one-year membership is expected to increase in subsequent years.

THE REPORTS OF MY DEATH  
ARE GREATLY EXAGGERATED

WHEN NORTHEAST PUBLISHED ITS FIRST ALUMNI DIRECTORY in 1984, the Alumni/Development Office received a telephone call from **Hazel Kuhn Hartford ('37)**—the “late” Hazel Hartford—or so the directory had her listed. As Mark Twain wrote: “The reports of my death are greatly exaggerated.” And so was Hazel Hartford’s. This incident adds irony to the fact that six years later, in 1990, **Edwin ('38)** and Hazel Hartford put a provision in their wills that endows a \$100,000 memorial scholarship fund at Northeast.

The W. Edwin Hartford and Hazel Kuhn Hartford Memorial Scholarship Fund will provide scholarships to incoming freshmen from counties in northeast Missouri.

“We had a rough time when we were going through school and money was not that available. There were some who could have gone if they’d had the means to go, and were eligible and qualified, but couldn’t make the payments. So, we talked about it and thought it was one of the places where we could do some good,” Hazel said.

Edwin graduated from Kirksville High School and wanted to join the Navy. Since his parents wouldn’t sign his enlistment papers, he ended up enrolling at Northeast Missouri State Teachers College where he worked in the library for about 15 cents an hour.

“That was one of the better jobs on campus. I think the bookstore there was the best job because it paid a nickel an hour more.”

In addition to his job, Edwin was a member of Sigma Tau Gamma fraternity and Blue Key honor fraternity and, as were many math majors, he was a member of the Pythagorean Society. As Student Council treasurer, Edwin was involved in the dedication of the new Baldwin Hall cornerstone in 1938.

Hazel graduated from LaPlata High School and enrolled at the Teachers College as a social science and physical education major. Like Edwin, she was involved in campus activities including Delta Sigma Epsilon sorority (now Delta Eta), Cardinal Key honor sorority, Historical Society, Student Council, Women’s Athletic Association, Eucharis, Panhellenic Council, the *Echo* yearbook staff and served as secretary of the Senior Class of '37.

How did the two meet? “Purely by accident,” they say.

“We got thrown together in a play,” Hazel said. “My roommates said, ‘You have to be in this because our grade depends on it.’ They were directing plays. I said, ‘No way. No way.’ But they said, ‘We got a good-looking fellow to be your husband in the play.’ I don’t know what they sold him on.

“I made a real good first impression,” Hazel said, “because at the first rehearsal, I was late—and I’m never late.

“After we started going together and then got married, he said ‘I’m never going to be in any more of those Little Theatre things; look what I got.’”

After Hazel graduated in 1937, she taught physical education and social science in Bloomfield, Iowa. She married Edwin in 1938 and they moved to Kewanee, Mo., then to Sikeston, Mo., where he was an elementary school principal.

During the summers, Edwin attended the University of Missouri-Columbia, first working on a master’s in math, then changing majors to school administration. He planned to graduate in 1942, but the bombing of Pearl Harbor changed both their lives.

Edwin entered the Navy and he and Hazel moved to Coral Gables, Fla., near Miami, where he was trained at the PanAm School of Aerology—the elite training school for air navigators. What’s an air navigator? Since the invention of radar, he said, it’s become an extinct profession.

Hazel taught school wherever Edwin was stationed. In 1958, they moved to St. Louis where Edwin started working for the U.S. Government as an aircraft equipment specialist with the Army Aviation Material Command and Hazel taught at Normandy (Mo.). The Command, then in its infancy, took over the procurement, supply and maintenance of aircraft. One of the tasks he undertook in this new position was to publish aircraft instruction manuals. The manuals used today are still based on his system.

“I told the Colonel, ‘If the Army suddenly starts operating aircraft like the Navy, don’t blame me; it’s all I know.’”

Later, Edwin was the project manager for several special classified projects performed by the Army Security Agency (ASA).

“It was hard to find out where they (ASA) were even located,” Edwin said.

“People would say, ‘Well, what does your husband do?’ And I would say, ‘Darned if I know,’” Hazel said.

In 1967, Edwin retired and in 1968, Hazel retired from the Normandy school system. In 1973, they built their home in Lake St. Louis—one of the first in the now-popular residential area just outside of St. Louis. During the past several years, they have done “as little as possible,” enjoying their spare time. They frequently visit Hazel’s 99-year-old mother in a nearby nursing home, and in March 1988, they celebrated their 50th wedding anniversary.

What do they think about the changes at their alma mater?

“All we hear are good things,” they said.

 A. Elizabeth (Dougherty) Price

**A**LMOST EVERYBODY WILL TELL YOU THAT THEY WANT TO HELP PEOPLE and make the world a better place. In Rose Hudson's case, she doesn't just talk about such things, she makes them happen. Her decision to initiate a scholarship in her late husband's, **V. Don Hudson ('27)**, name is one example of her generosity.

Rose speaks about Don's compassion and love for mankind. He was also a man of great strength and courage. At the age of 22 months he contracted polio. For the rest of his life he had trouble walking and was never without a limp. Don did not allow this obstacle to deter him from his goals however. His family was from Kirksville and he decided to pursue his education at Kirksville State Teachers College. Despite his handicap, he worked his way through all four years of school, earning his tuition entirely by himself. After graduating from KSTC he went on to receive a master's degree from the University of Missouri and a doctorate from the University of Iowa.

V. Don Hudson

From 1931 to 1945, Don was a political science professor at Kirksville State Teachers College. He taught local, national and international politics as well as a course on communism. In such a politically sensitive time it is not entirely surprising that he ran into

trouble with his communism course. He was actually labeled a communist for simply teaching the subject.

Rose met Don in 1952. At that time he was at Washington University in St. Louis supervising a government program for the education and vocational training of war returnees. After a short stint as a hospital administrator in Ponca City, Okla., he returned to the field of education. He became a political science instructor at Harris Teachers College in St. Louis and remained there until he retired.

Rose Hudson always admired Don for his ability to overcome any obstacle he met. Things that might have caused a lesser person to give up only served to challenge Don and strengthen his resolve. As Rose points out, college is seldom easy for anyone, let alone a handicapped person with few financial resources. When she came to the Alumni/Development Office with her gift of \$20,000 she asked that the money be used to set up a scholarship. She requested the recipient be a compassionate person with an interest in helping mankind; a person who, due to physical disability or other handicap, might not be able to achieve his or her educational goals without financial assistance. Rose believes a person with a sharp mind and good intentions should never be held down by life's adversities.

Rose is currently living in Centralia, Mo., where she is planning to establish a shelter home for unwanted children, the "throwaways" as she calls them. Having lost her own mother when she was an infant, Rose has a very personal interest in young, abandoned children. The shelter will be called "The Haven" and its primary goal will be to give children the love and care that all children deserve.

## A LOVE FOR NORTHEAST

**P**EOPLE GIVE GIFTS FOR BIRTHDAYS, HOLIDAYS AND ANNIVERSARIES, BUT perhaps the best gifts are those given for no special occasion. **Steve Justice ('70)** and his wife, Kathy, make an annual donation to the Development Fund. This year was no exception, although in addition to the usual gift, Steve made a contribution that will potentially increase Northeast's endowment by thousands of dollars. He included a statement in his will that bequeaths 10 percent of his estate to the Student Loan Fund.

He designated that this money be loaned to students who have been accepted by or enrolled at the University and cannot afford to attend. The loans will be awarded and collected by Northeast. With this program the money would be circulated among many students, and the program could continue indefinitely. Steve said he wants to give deserving students the opportunity to get a loan and an education at Northeast.

Steve Justice

"It's a nice place to go to school; it's just the right size," he said. "If a school's too small, it's like a high school, and if it's too big, you're just another number. One of the main things I liked about Northeast is that the professors knew who I was. You can get an excellent education for a good price."

Steve, who received both his bachelor's and his master's degrees from Northeast, added he has been back to visit Northeast only once since his graduation in 1981. One thing that stands out in his mind is the attractiveness of the campus. "Everything is always well-groomed, and the campus is just beautiful in spring with all the flowers."

Steve said he developed close relationships with two of his former instructors, Professor of Education Taylor Lindsey and Assistant Professor of Speech Charles McNames. McNames was Steve's instructor for an advanced speech class. And, as Steve said, "I was scared to death of public speaking, but I was a physical education major and had to take the advanced class. I ended up getting an 'A,' and the class really made a difference in my life."

Steve's bequest will make a difference in the lives of future students, but he is helping current students in League City, Texas, where he works as an instructor of an alternative learning program. He is employed at a school designed to offer support to 60 or 70 youths who have not succeeded in mainstream high schools because of personal problems. Steve has one class in which he teaches pregnant women necessary life skills. He also coordinates a semester-long program with a local college in which students study everything from first aid to photography for one week.

Although Steve works in education, the reason he is leaving money to Northeast is his love for the University. He believes that if he were in another profession, he would still feel the same way.

In his free time, Steve collects memorabilia from colleges and universities around the nation. He has more than 700 T-shirts and 600 hats, plus mugs, pencils and other items.

"It's kind of infectious after a while," he said. "I have one room with nothing but hats all over the walls and ceiling."

Steve does trade or sell some of his duplicate items but wouldn't part with most of the momentos, including his Northeast alumni hat. He and Kathy spend time traveling to colleges and universities, and this is where he picks up most of his souvenirs. Kathy goes along, although she brings back only memories. She has her own collection—clowns.

"I like to see how other people live and operate. I never forget what a place looks like; each one is a memory in itself," he said. "I have toyed with the idea of writing a book. I don't think anybody has visited as many colleges as I have, unless there's somebody who's crazier than I am."

Steve said he has a sign that reads 'I refuse to grow up, and I refuse to grow old.' When other people look at the sign, he said, they agree, "Yep, that's him."

Signs of Northeast Pride are being seen on the highways and byways of Missouri. Since November Northeast Missouri State University license plates have been spotted across the state.

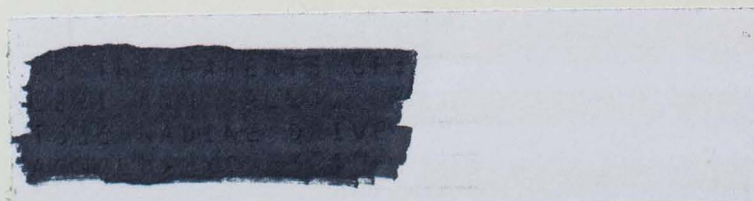

Senate Bill 209, passed by the 85th General Assembly, authorizes the Missouri Department of Revenue to issue special personalized license plates to any community college or four-year public or private institution of higher education located in the state of Missouri. The plates are commonly referred to as "Collegiate License Plates." These special plates are designed to promote school spirit while raising funds for each college or university.

Northeast has joined the program and offers personalized Northeast plates to members of the NMSU Alumni Association. The plates feature the Alumni Association's logo, school name and a license plate configuration consisting of one to five characters.

Under the program guidelines, participating institutions are required to collect a minimum of \$25 before an individual is given authorization to purchase or renew a Collegiate License Plate. Funds collected by each school are then to be used for scholarships or other academically-related programs.

To order your Northeast plates send in your Alumni Association membership dues (if you're not a member) and \$25, made payable to the NMSU License Plate Program, to the Alumni/Development Office, McClain Hall 101, NMSU, Kirksville, Missouri 63501, (816) 785-4125.
