

1880-81

CIRCULAR.

Kirksville Missouri State Normal School.

IMPORTANT TO STUDENTS.

Expenses from \$17.00 to \$40.00 per term.—The total cost for board, light, fuel, books, and incidental fee for a term of ten weeks need not exceed these sums.

Boarding Costs from \$2.50 to \$3.00 per week.—This includes furnished rooms light and fuel. Good homes in private families can always be secured at the above rates.

Clubs and Self-Boarding Costs from \$1.00 to \$2.00 per week.—For this purpose either furnished or unfurnished rooms can always be secured at reasonable rates. Many of our best students board themselves or board in small clubs.

Tuition Free; Incidental Fee, \$5 00 per Term.—Incidental fee for the last half of a term is \$2.50. No other fees, whatever, are required by the institution. The payment of the incidental fee to the Treasurer secures for the student a permit, which he must have recorded before entering any class. In no case will the incidental fee be refunded. A permit answers only for the term for which it is purchased.

Books at from 10 to 20 per cent. off.—New books needed can be purchased from dealers at these rates. Students should bring with them all their text books, as they will be desirable for reference.

Terms of Admission.—Fourteen is the minimum age for Admission. The applicant must have a fair knowledge of Reading, Spelling, the use of Language, Descriptive Geography, and of Arithmetic as far as percentage. If a pupil desires to enter an advanced class, he must come prepared to stand examinations in all subjects below that class.

Our Seventy Daily Recitations Accommodate all.—Students qualified for admission, however advanced or however backward, will find classes to suit them.

Students Can Enter at Any Time.—But all are urged to enter at the beginning of the year, or as soon after as possible. The middle of the year is a favorable time for entering.

Courses of Study.—We have three regular courses of study. Two, three and four years' courses, arranged with reference to thorough scholarship and the best professional training. Until the student has completed the work of the first year, no options can be granted.

ADVANTAGES CLAIMED.

- 1.—The Expenses are exceedingly light.
- 2.—All can have homes in good families.
- 3.—The climate is remarkably healthful and bracing.
- 4.—A most worthy class of pupils attend.
- 5.—The large attendance gives decided advantages in classification.
- 6.—The work is thorough and practical.
- 7.—Improved methods of teaching give superior advantages.
- 8.—Our students are trained for the teachers' profession.
- 9.—Our students usually secure good positions.

Teachers who are desirous of finding a school for thorough and practical professional training, and parents who wish to place their children in an institution entirely worthy of their confidence, are respectfully requested to consider the above advantages claimed by the Kirksville Missouri State Normal School.
